FOREWORD

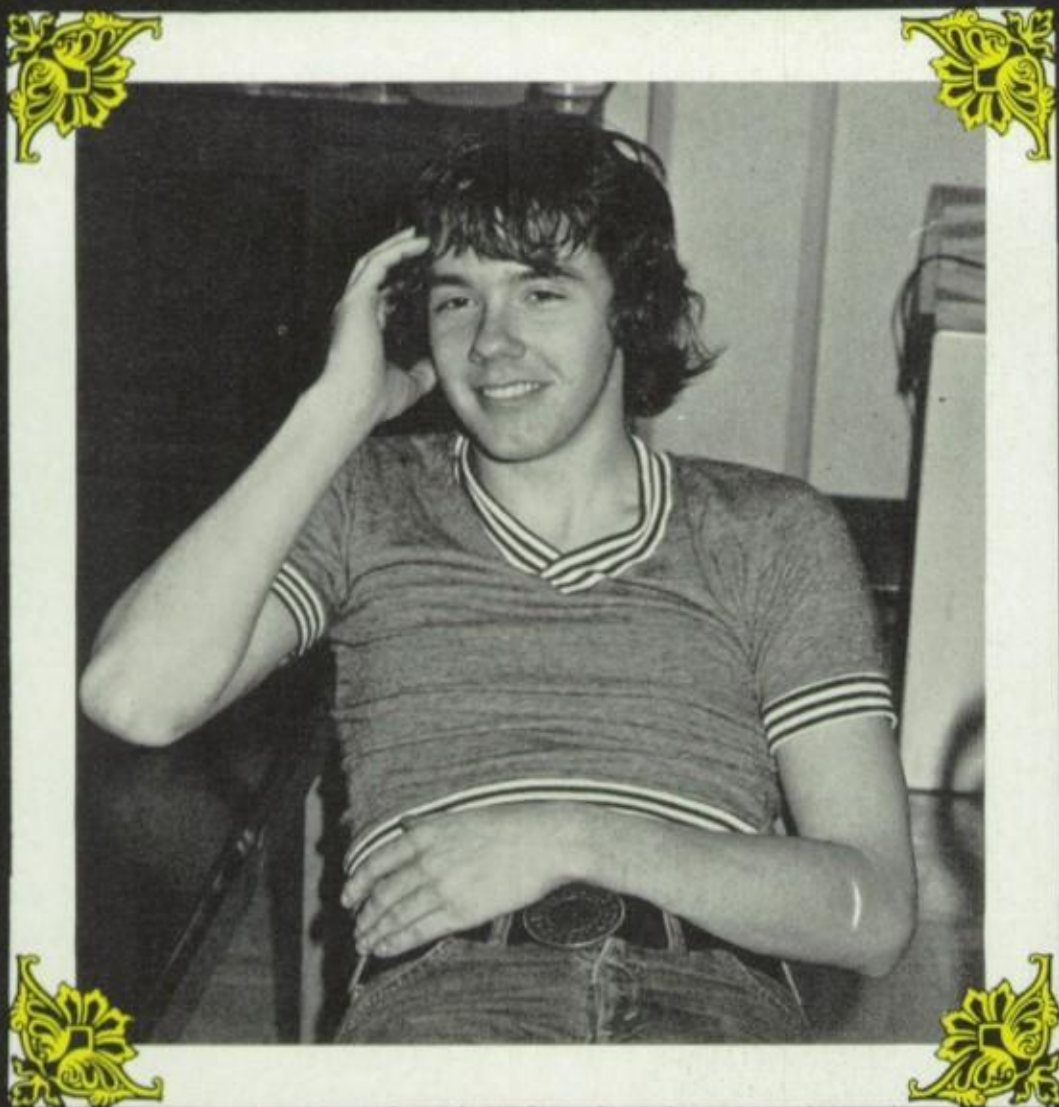

Galesburg is a hub for transportation facilities in western Illinois, therefore, the history of Galesburg's transportation is the topic for the 1975 Reflector, as expressed in the theme "Take A Ride". Scattered throughout the book are pages with pictures and text concerning old forms of transportation intended to provide entertainment and information. Transportation was important in the founding and development of Galesburg. The industrial and commercial trade became dependent on readily accessible transportation. And uniquely, there are several forms of transportation which afforded Galesburg some amount of fame.

THE GALE AUTOMOBILE

Galesburg became the Detroit of Knox County in 1905. The Western Tool Works of Chicago opened an automobile assembly plant at the corner of Kellogg and Simmons streets. During the years 1905-1908, the Gale Auto was built in Galesburg and shipped by rail to be sold throughout the nation.

The Gale was a 1-cylinder, chain driven runabout. It had a brass radiator and brass kerosene lamps. The car had a 5x6 water-cooled engine. The finish was dark wine with striped black and white leather upholstery. Among its special features were the hinged wooden body (for easy repair) and a spring starter. Any replacement parts were made by blacksmiths, since auto repair shops were rare at that time. The car was first advertised in 1904 at \$500. The December 1904 Automobile Review described it as being "comfortably put together," and having high power for its weight. It was described as "an excellent grade climber." The Gale was said to be more powerful than any other car on the market of its size.

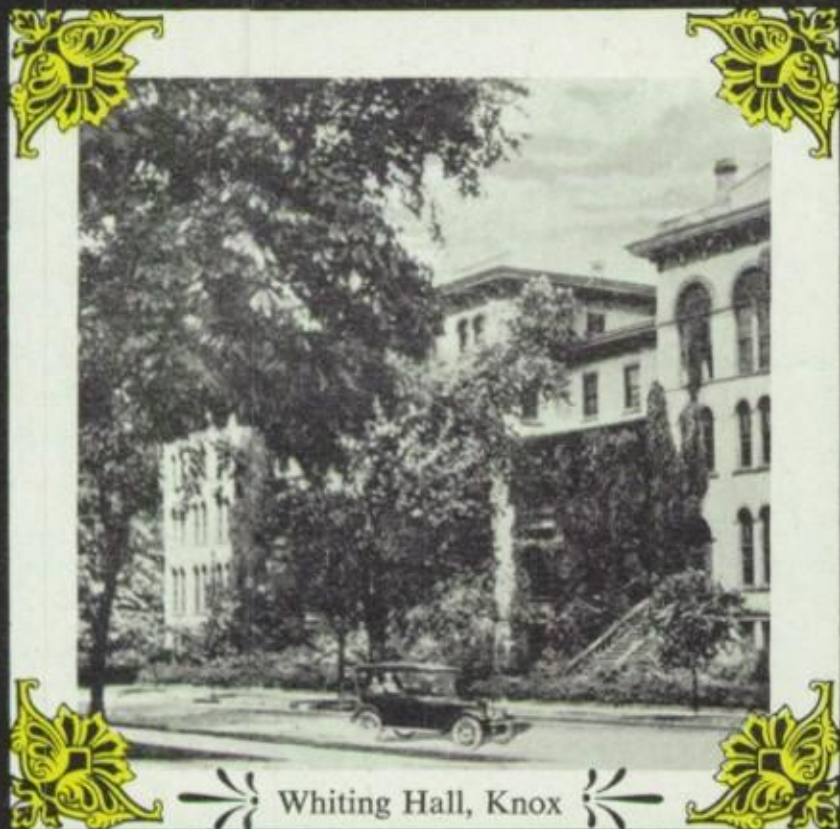

The first Gale owners were Churchill and Hemenway of the Churchill Hardware Company. Cars were also sold in England, Sweden, Germany, Portugal, Borneo, and New Zealand.

Although Western Tool Company, operated at the George W. Brown Corn Planter property, was served by a spur track it was forced to close down after three years. Galesburg was too far away from the raw materials needed for such a venture.

ORGANIZATIONS

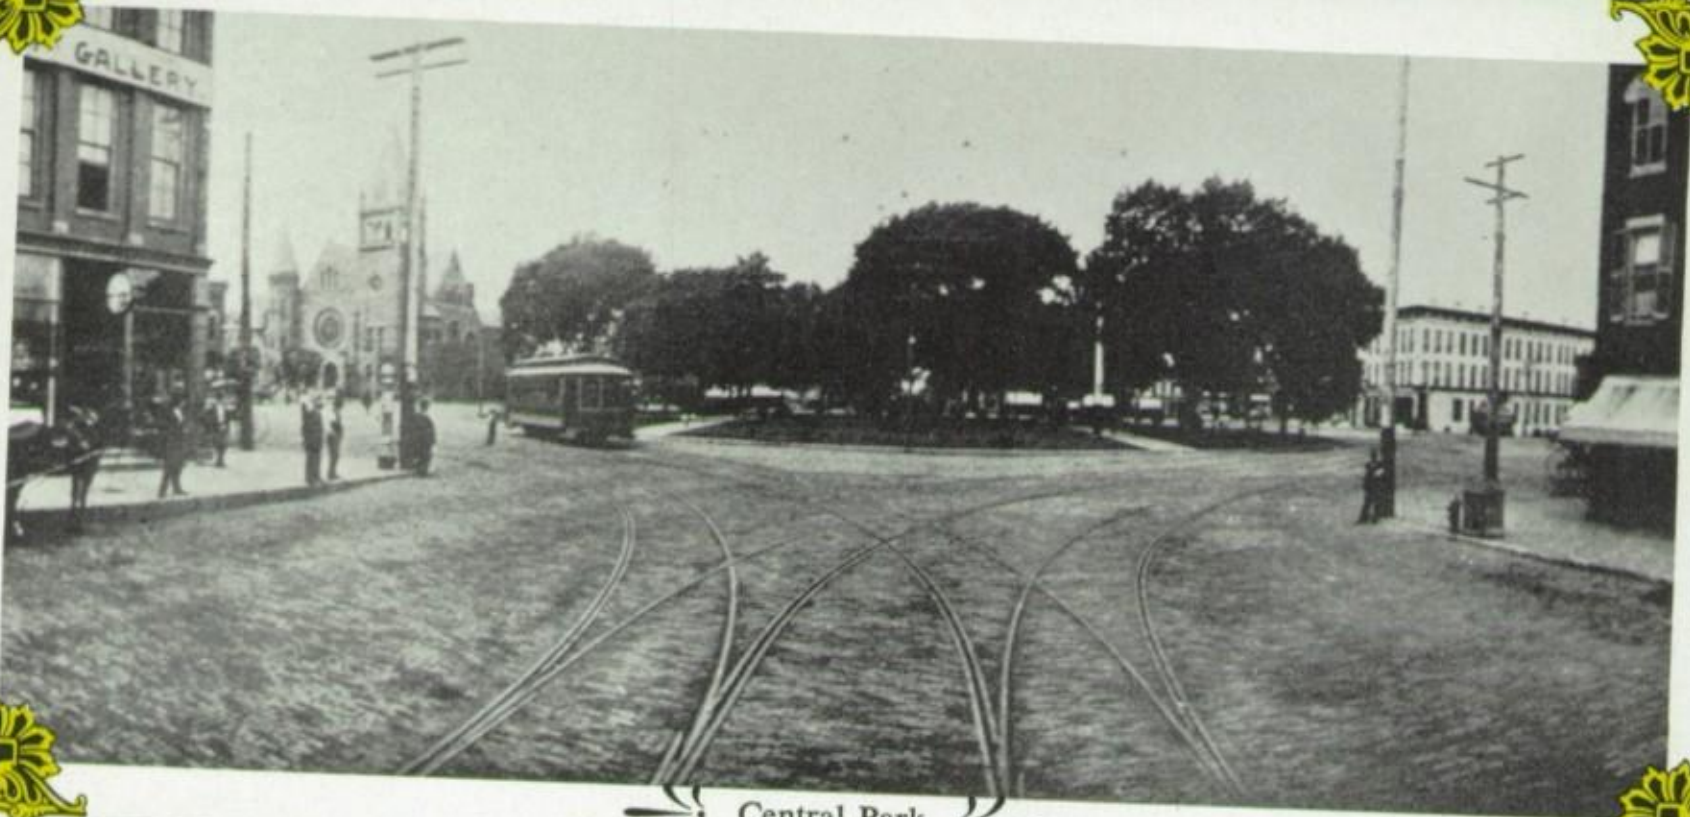

THE TROLLEY CAR

The trolley car was a major part of Galesburg transportation. By 1885, tracks in Galesburg formed a network between the square and former Lombard College grounds. The fare for the local ride was five cents. The trolley car was replaced by the city bus service in Galesburg, but the trolley's routes extended to Knoxville, Aledo, Abingdon, Monmouth, Kewanee, and further on from there. The trip to Knoxville was particularly interesting.

The trolley cars run from electricity supplied by overhead wires. Trolley cars were the same at both ends. At the end of the line the motorman would pull the trolley pole down on one end and raise the pole on the other end. The seats in the car were reversed and the trolley was ready to go in the opposite direction. The trolley cars are gone from Galesburg streets, but many memories like these remain.

The Interclub Council is composed of the student leaders from every school-sponsored organization. Mark Kennedy was Interclub President, and Mr. Denisar and Mr. Lundeen were the faculty advisors. The Council sponsored a dance in the spring to raise money. The Interclub Council did not hold regular meetings, but it was very important to club activities and fund-raising projects because it scheduled and coordinated them. Jane Waters was activities chairman in charge of co-ordinating these schedules so two organizations would not be selling the same product at the same time.

This was a landmark year in the history of student government at G.H.S. Student Council tackled the unresolved question of student smoking early in the year. Although no change in policy occurred, smoking in the building by basketball spectators was discouraged. However, Student Council accomplished other

things. An effort was made to improve the film program of 1973-74: films were offered periodically at reduced student prices. Student Council provided committees and funds for the planning of Homecoming and Winter Formal festivities.

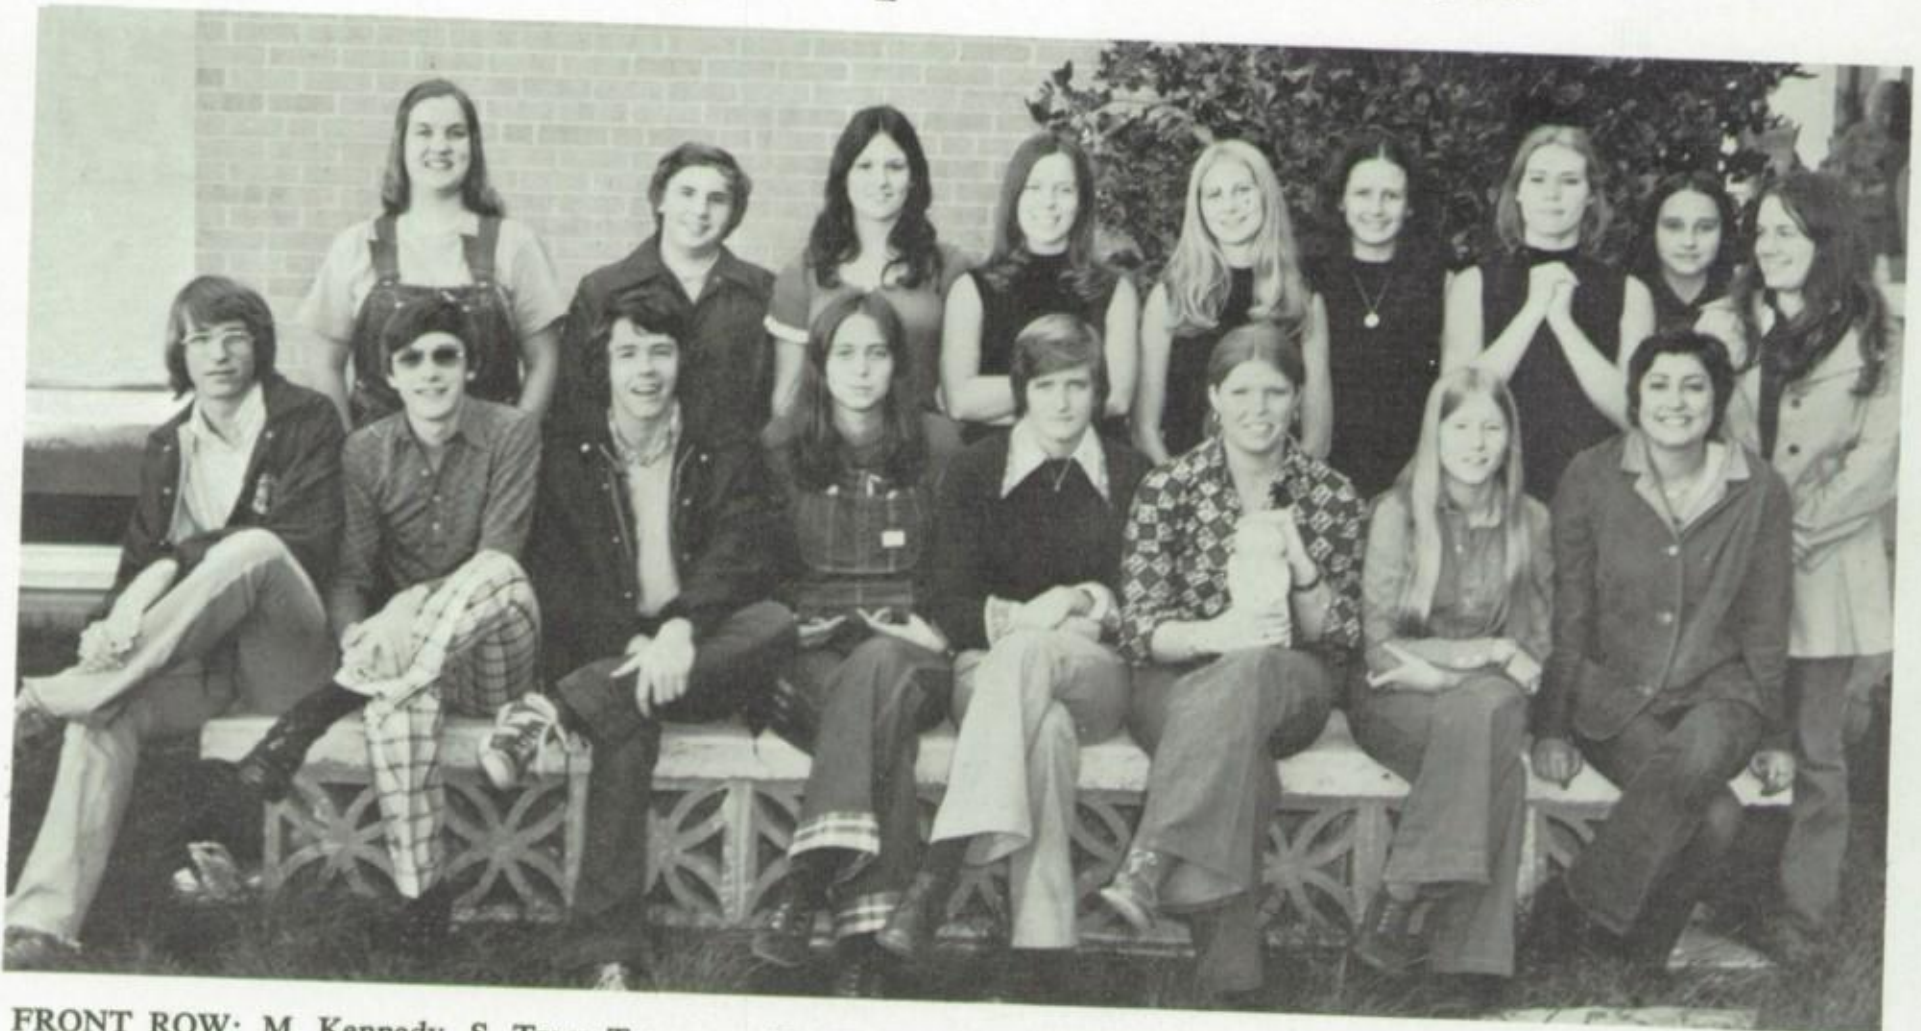

OK, Here's the plan . . .

Moneymaking for graduation and Prom was the big topic at Senior Council meetings. The 34 members wracked their brains to come up with more ways to increase Senior Class funds. Along with the usual bake sales and car washes, the council ran a concession at the Jaycees Junior Football League games, sold Streak stickers, and planned a spring ice cream social. Committee chairmen for Baccalaureate and Commencement ceremonies were appointed from the council members. All Prom arrangements were made by the group.

Councils Raise Money

The Junior Council was responsible for financing projects of the Junior class, one of which was the Junior Homecoming float. Such projects are carried out by the council to raise money. The council had a bake sale and sold light bulbs door-to-door. Junior Council faculty advisor was Mr. Wright.

The Sophomore Council started off the year on a good note, building the second place Homecoming float. The council held meetings once a month throughout the year. They had bake sales before school, during the lunch lines, and after school. Adding to the money making projects they also had car washes and sold candy bars. Sophomore Council officers were: Scott Baldwin-President, Debbi Barsema-Vice President, Lori Carrol-Secretary, and Lisa Bitcon-Treasurer. Their faculty advisor was Miss Pennington.

THE FERRIS WHEEL

A visitor approaching the World's Columbian Exposition in Chicago, 1893 would have observed an impressive structure from which one could have a commanding view of most of Chicago. Towering 265 ft., the Ferris Wheel dominated the fairgrounds as the Eiffel Tower had in Paris in 1889.

It took 12 months to build the wheel, designed by Galesburg's G. W. Gale Ferris. It was 250 ft. in diameter, 825 ft. in circumference, and 30 ft. in width. Attached to the wheel were 36 cars, each 27 ft. long, 13 ft. wide, and 7 ft. high.

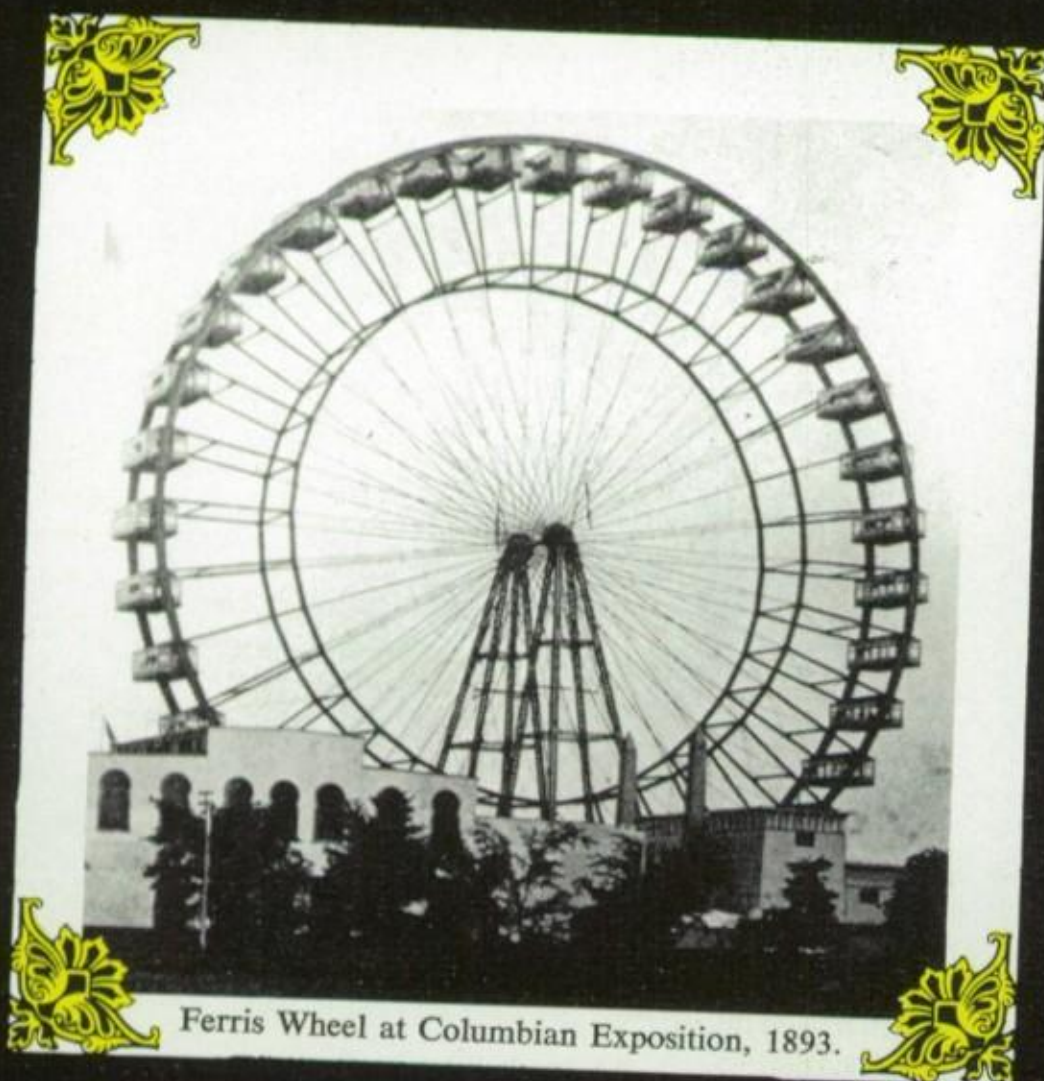

There were 40 revolving chairs in each of the 13 ton cars. Loaded, each weighed 16 tons. It took a 6½ in. axle through the roof of each car to support this weight. If the entire wheel, loaded with cars, could have been placed on a scale, it would have totaled 1200 tons. The axis of the wheel was supported by two 140 ft. skeletal iron towers 40 x 50 ft. at the bottom and 6 feet square at the top. Each tower had four "feet", each set in a foundation of concrete 20 ft. x 20 ft. x 20 ft.

The wheel was powered by a 1000 horsepower steam engine. There were two sprocket wheels 9 ft. in diameter with 5 in. deep cogs spaced 18 in. apart. The wheel could be made to turn fast or slow in either direction.

On the opening day of the fair, the Iowa State Band sat in the first car playing "The Star-Spangled Banner" and "Dixie" as the wheel revolved slowly.

Eugene Field described what it would be like to take a ride on the Ferris Wheel:

*"The Ferris Wheel, with arms of steel,
High as a tower will wind you up;
If you should fall, for good and all,
The doctors they would bind you up."*

Budget Helps to Keep

Steve Tracy-Editor-in-Chief

The Budget is the student-edited weekly publication of GHS, keeping the student body informed to what was going on in the High School. The Budget sponsored a round-robin football tournament for the clubs. Budget won third, the Boys Forum was second, and Soccer Club was the tournament champion. Members of the Budget staff attended the Illinois High School Press Association convention at the University of Illinois, September 20 and 21. At the convention, seminars were given on aspects of journalism such as: writing, layout, business, management, and headlines. The Budget ended the school year with their annual picnic.

Sophomores interested in working on the yearbook staff in following years joined Sophomore Reflector. Their job was to help the business manager, Karen Adolphson, raise money for the Reflector. They worked at the concession stands at the football and basketball games and some track meets. Members also contacted individual page sponsors. By their work, the Sophomores helped finance this Reflector.

French Club proved to be a growing club during 1974-75. The membership expanded from thirty to forty members. French Club provides an opportunity for students to learn French customs and language in a setting outside the classroom. Among the year's activities were a perfume sale and the multi-lingual Christmas banquet. The meetings were on the fourth Monday of each month. Included in the programs were speakers, activities, and holiday parties - French style. Brigit Soubrouillard, A.F.S. foreign exchange student from France, was named an honorary member of the club. Chris Hughey, French Club President, commented, "I think French Club has grown, and I hope it continues growing. It really seems to be going places."

Culture and both conversational and written language was the focus of German Club. A guest speaker, who had lived in Germany, visited them, telling them of life there today. The club had fund-raising projects, candy "Gum Bear" sales, and bake sales. They participated with other language clubs in the Multi-lingual Banquet, the Monte Carlo Night, and had their own picnics.

FRONT ROW: S. Madrell, C. Hall, S. Anderson, SECOND ROW: G. Johnson, P. Grossl, R. Yaw, D. Lowery, D. Flickinger, A. Burke, D. Taylor.

The members of the Latin Club are derived from former and present Latin discipulae. Sue Maddrell commented at mid-year. "We haven't had many projects, but what we have had, have turned out well." The Latin Club helped the other language clubs sponsor the Multi-Lingual Banquet and Monte Carlo Night. They also went Christmas caroling. At school year's end, as the phrase goes, "they did as the Romans do", dressing in togas and reclining as they ate.

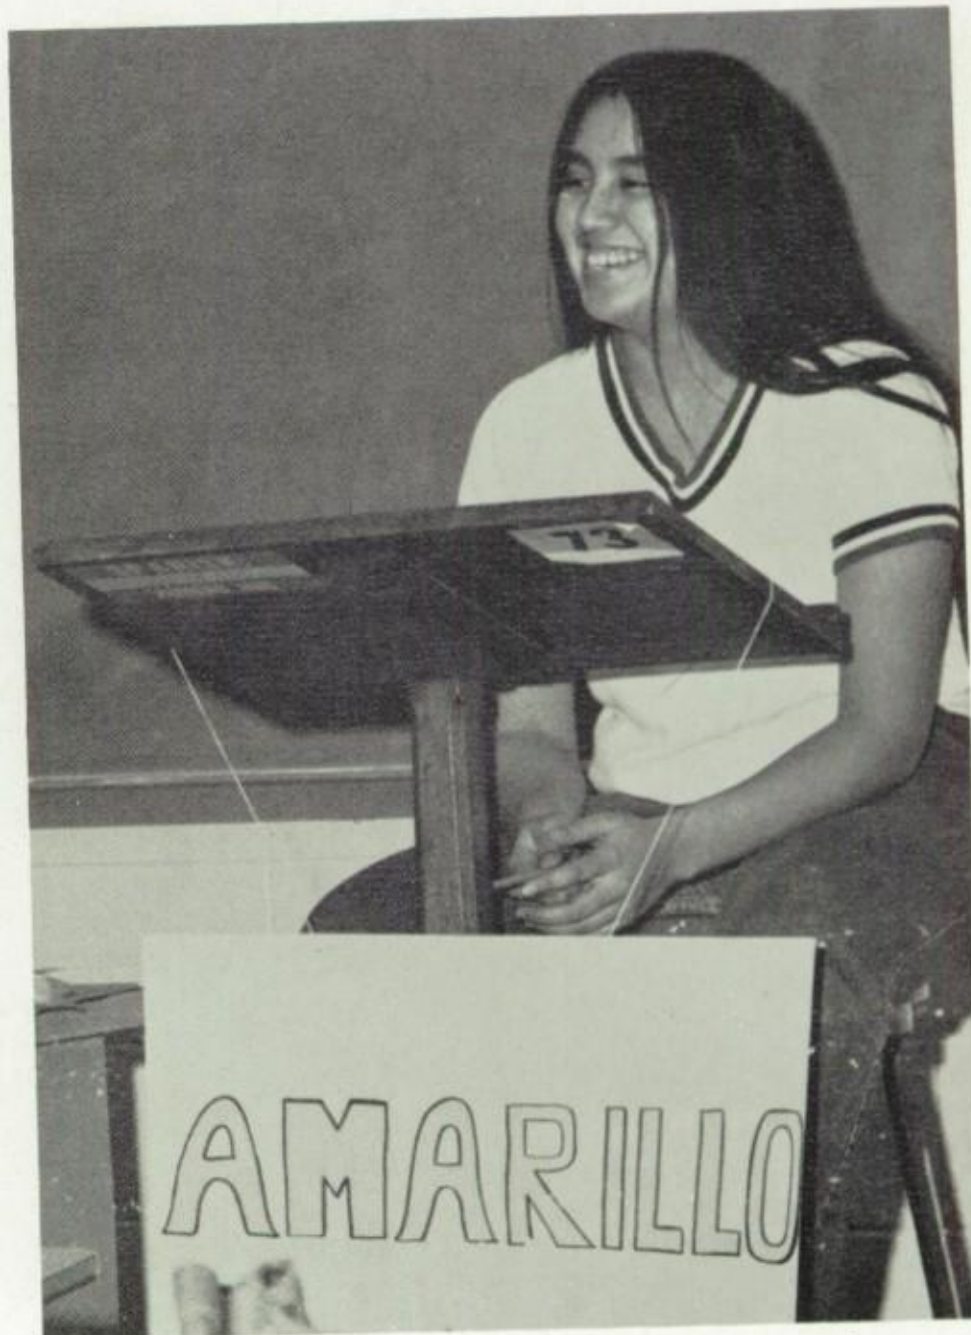

Spanish Club Has Active Year

Another of the GHS clubs devoted to the study of language is Spanish Club. During 1974-1975 the club participated in the multilingual banquet and the Monte Carlo night jointly undertaken by all four language clubs as well as their own activities. The members staged a halloween party and several moneymaking projects toward their Spanish-style dinner at the end of the year. Mrs. Haeflinger, club faculty sponsor, stated, "I would like to see Spanish Club enlarge. I would also like to see the club become involved in more schoolwide activities."

Brigit expresses herself.

Thanks to AFS, and thanks to GHS this year was for me a great experience in many realms; not only in getting to know other schools here but also people, in different types of living styles in other communities. Also to understand and accept others values, ideas, and to widen my own. I hope AFS will become better known so that more and more people all over the world will join together in order to achieve it's goals, works, and to be able to talk together without any ethnic boundaries.

"Where is Ghana?" One might inquire. Well, it is a country about the size of Oregon, found on the west coast of Africa, where I had a chance to live through a A.F.S. scholarship for nine weeks last summer. In Ghana I learned to appreciate another very different way of life. Living with a family of 14, with my host father having two wives, was a new situation for me. It was a challenge to adjust to such things as shopping in an open air market place, washing clothes by hand, and eating goat, snails, and palm nut soup (with fingers). Yet, I appreciate the chance that A.F.S. gave me to experience these and many other unfamiliar customs. A.F.S. is a great program and I am grateful to all those involved for their efforts toward the organization.

My stay in India last summer was a truly unique experience. Adapting to a totally different culture (and its food!) was a real challenge. Through reading, talking with people, and observing personally I learned much about India's history, religions, customs, and general way of life. And by living as a member of an Indian family, I gained a special insight of and appreciation for India and for the United States as well. I also gained a great many friends, both Indians and fellow Exchange Students from the U.S. The goal of AFS is international understanding and brotherhood, through the interaction of different people. I'm glad to be a part of that interaction, and my thanks for the opportunity goes to the American Field Service Program and its outstanding Galesburg Chapter.

Program Action and Concern is an all-school service organization. Money making was through a Christmas bazaar, and stationary sale. Formerly Future Homemakers of America, the club has switched its emphasis to service and is no longer limited to females.

Donuts for S.A.E. action.

Future educators or students interested in education made up the 30 members of Student Action for Education. Spring conventions, workshops, and club social activities highlighted the year. To raise money for the events, members scurried about peddling tootsie pops and doughnuts. An annual moneymaking project is the chili supper following a January basketball game. Formerly Future Teachers of America, S.A.E. is now open to all G.H.S. students.

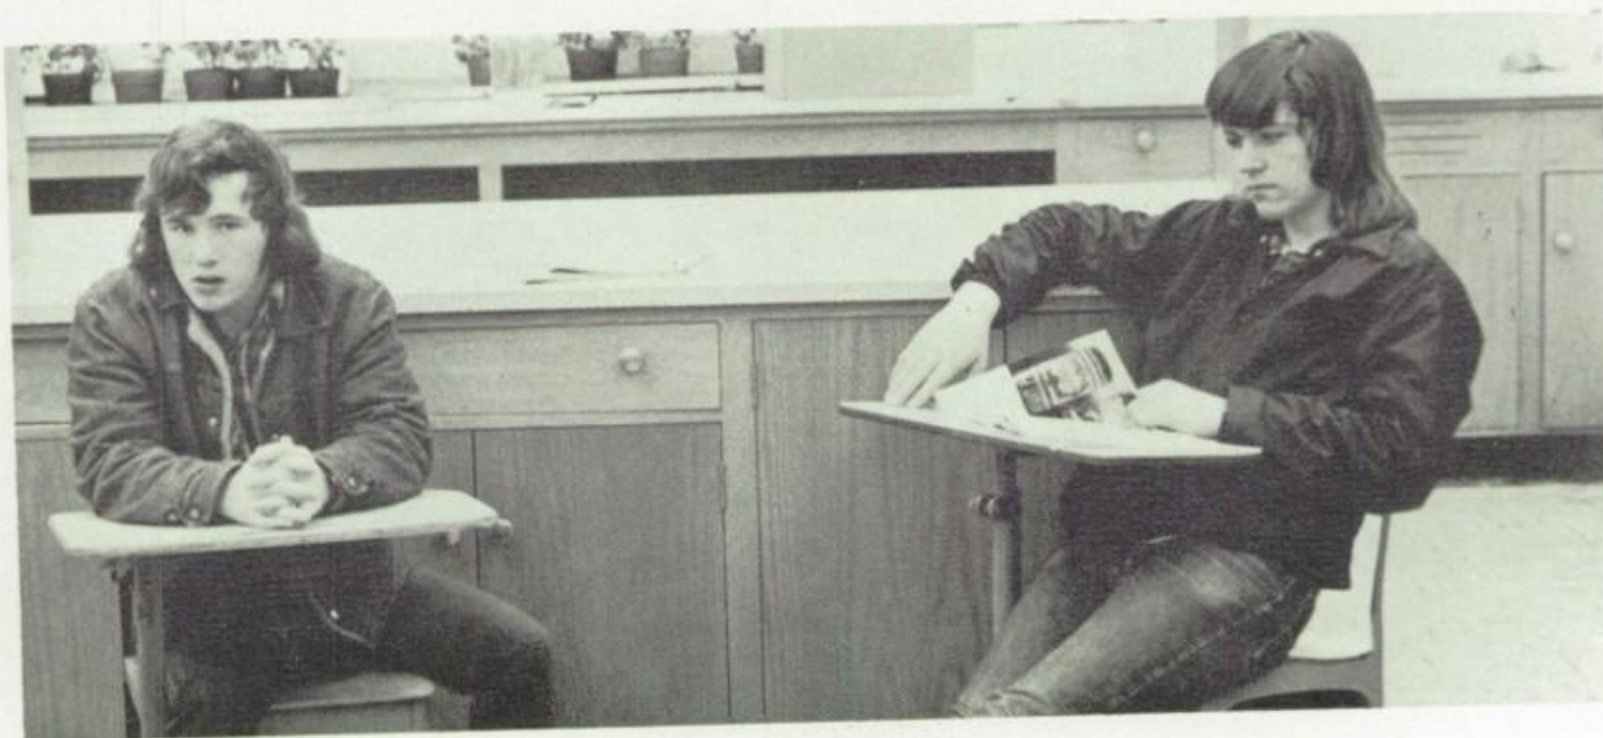

A Chance For Growth

rick, J. Horkstrom, R. Swigart, B. Swank, Mr. Turpening, R. Eklund.

The FFA theme for this year was "A Chance for Growth". The FFA operates on a principle of "Learning by Doing". Future Farmers of America provides vocational agriculture education to prepare high school men and women for a future in agriculture. The Galesburg Chapter members enroll in one of the agriculture classes offered. This year the Galesburg Chapter FFA competed against other area chapters. Pat Hennefent

represented Galesburg in the extemporaneous speaking contest. During FFA week, February 17-23, members had radio interviews to promote FFA. At Christmas they sold grapefruit and oranges to raise money. From these and many other activities, the community and its agriculture profited, the members developed leadership abilities, a well rounded background for their future, and were given "A Chance for Growth".

National Honor Society, otherwise known as NHS, is the GHS extension of the national organization. It is designed to give honors to academically talented students. At the close of the first semester, an exclusive number of juniors and the top percentage of the senior class are elected by the faculty for membership. Eligibility is determined by the grade point average, which must be at least a 3.2. Among the annual activities are an induction ceremony and banquet, usually in April. A new twist added to this year's club was the participation by six members on the High School Bowl panel sponsored by WOC-TV in Davenport. The panelists competed with area schools for \$1,000 to be awarded to the school for use in a scholarship fund.

National Merit

Pam Pollard was named a National Merit Scholarship semi-finalist during the fall of 1974. Eligibility was determined by the 1973 PSAT scores. Pam was among 15,000 students nationally to attain Semi-Finalist standings. Semi-Finalists represent the top half of the top 1% of their class nationally. Although Pam has not decided on a college or career, she is interested in foreign languages.

DAR

Sherrie Hertenstein

Each year, the Daughters of the American Revolution present an award to the senior girl who displays qualities of patriotism, dependability, citizenship, and service. Sherrie Hertenstein was nominated by the Senior Council to receive the 1975 award. Sherrie was President of the Senior Class, Vice-President of A.F.S., and a member of National Honor Society.

The Sons of the American Revolution designate an award to the senior boy who is voted an example of patriotism, cooperation, service, and dependability. Steve Brown was this year's recipient, having been nominated by the Senior Council and elected by the GHS faculty. Steve was Drum major of the band, President of the A Cappella Choir, and a member of N.H.S. He plans to attend DePauw University for pre-med studies.

Stage Call Promotes GHS Theater

Mr. Griffith prepares stage decorations.

When the curtains rise for a dramatic production at GHS, one is sure to find many Stage Call members participating onstage and backstage. Costume specialists, publicity experts, properties managers, and many other talented workers contribute to the efforts of the actors and actresses to produce the plays. This year's Fall production was *Harvey*, by Mary Chase. The Spring production was *Effect of Gamma Rays on Man-in-the-Moon Marigolds*, by Paul Zindel. Many of the club members assisted in the A Cappella Choir musical, *No, No, Nanette*. Students earn points by actual participation in play production to qualify for membership. Besides their production activities, members had several money-making projects for their Spring Banquet. Stage Call President, Karen Wilson, observed, "It is a privilege to be in Stage Call. When you are involved in a play, you appreciate people commenting favorably afterward."

Thespians is an International Organization of students interested in furthering the dramatics in their schools. Membership is attained through points earned for participation in any aspect of stage pre-

sentations. The members were therefore involved in the student plays for the public through the year. They held a banquet at school year's end, with Stage Call, at which outstanding members were recognized.

Poets Form Creative Writing Club

J. Ferris, K. Boynton, P. Mead, Mrs. Fox, D. Workheiser, P. Agans, A. Templeton, S. Smith.

During the 74-75 ride through GHS a new club appeared in the scenery. Creative Writing Club became an activity through which young poets and prose writers could improve their abilities. Mrs. Fox sponsored the club which instituted some new services and achievements. One of the most obvious contributions of the club was the bi-monthly page of creative verse in the BUDGET. Another regular service was a poetry reading and creative presentations to the residents of Moon Towers. Meetings were weekly with discussions and selection of poetry for the BUDGET and the learning center bulletin board heading the agenda. To raise money for the various activities, the members sold baked goods. Many of the participants were poetry and creative writing students. This year's club had about ten members, but the seed has been planted and membership is expected to grow in future years as interest in the club grows.

CEDAR CREEK

It might have popped up in history class, the oddity that Galesburg ever came to be, since the nearest river was the Mississippi, 30 miles away. During the westward settling of America, prairie settlements were made on water sources, rivers or lakes. But Galesburg did have a water source. It was the Cedar Fork Creek, running through the center of town. In 1841, it flowed from its source in Henderson Township at 810 ft. above sea level to where it left the city at 742 ft. above sea level. Cedar Fork had a fall of 68 feet. As it does today, it then served as drainage for the city.

With a small settlement, bridges weren't urgent, but by 1841 there were several bridges across Cedar Fork, at Henderson, Main, Cherry, and Prairie streets. Dams were built in the creek to create places for swimming and ice skating, in their respective seasons.

Industries, such as a saw mill and slaughter house placed themselves on the banks of Cedar Fork. Using the creek to dump their waste, as also did the residents, Cedar Fork became polluted. In summer, the current was slow and the creek would become stagnant, filling the air with its scent. Because of this, the creek is listed in a city history record as "The Cedar Fork Problem", bringing to the city council a multitude of complaints and petitions, and costing much in building and accomodating drainage system.

Of water travels, a canal boat of families, totaling 37 people, left Oneida County, N.Y., in the spring of 1836. The canal boat was fine in the Erie Canal, but its flat bottom was tossed by the waves of Lake Erie, and the Ohio, Illinois, and Mississippi rivers which its path included, after leaving the Ohio canal. Finally they had to be pulled by a steamboat to Copperas Creek, the rest being traveled by horse to Log City, in Galesburg. In Illinois, they were stuck in a calm and contracted malaria. All the passengers were sick, and several died, contributing the first to be buried in the Log City cemetery. The venture was a disaster.

The Pep Club was a very active organization at GHS. One of the first orders of business for Pep Club was determining Silver Chief and Indian Princess Wamatosia. Silver Chief and Wamatosia performed at football and basketball games, getting the crowd into a game mood. The Pep Club provided buses to all out-of-town games. To raise money, the Pep Club sponsored two after-game dances, sold "Streak" hats and scarves, and held bake sales. The main idea of the Pep Club was to inject school spirit into the student body.

FRONT ROW: B. Bugland, S. Patterson, M. Martin, C. Riggs, T. Welch, R. Murphan. SECOND ROW: Mr. Trapani, M. Wheeler, J. Swanson, K. Watson, R. Taylor, H. Stripe, Mr. Strip.

The Industrial Arts Club activities were not restricted to one field. The club had a variance of school service and industrial education programs. The meetings, proof of their diversity, were of three types: educational - Mr. Trapani planned welding for in the spring; fun - such as playing basketball with the FFA; and work meetings. Last year the club made note-pad holders for all the teachers at GHS. This year they continued to furnish note-pad refills. They sponsored a dance and sold Christmas trees to raise money. During the football and basketball season, they made team and individual buttons to raise the school spirit. From the profits, the club took a bus to the Alleman and Richwoods season-end basketball games. Towards the end of the year, they also toured a refinery near St. Louis.

RADIO CLUB

The members of the radio club were those students interested in amateur radio. The club's faculty sponsor, Mr. Gruba, has a radio license. The club plans to install a teletype station in the school. To raise money, they sold trees at Christmas time.

"Murals, murals, murals" was the most common muttering of Artte Clubbe members during 1974-75. Seven of these wall-art masterpieces were painted by members for area elementary schools and Moon Towers apartments. The members' artistic abilities were further tested in set-design projects for Reflectavue and music department concerts. Several members attended a Gifted Program workshop in Decatur in early December. Funds for club activities are raised by the members. An unusual aspect of the club is that new members submit a portfolio to be judged by existing Artte Clubbe members. Those displaying high artistic ability are invited into the club. However, they must first pass an initiation test: feeding each other bananas while blindfolded.

Lab Assistants and Pasteur Society Precipitate

FRONT ROW: A. Luna, B. Ericson, J. Swanson, Mr. Maurizi, M. Bainter, D. Taylor, J. Mellentin.

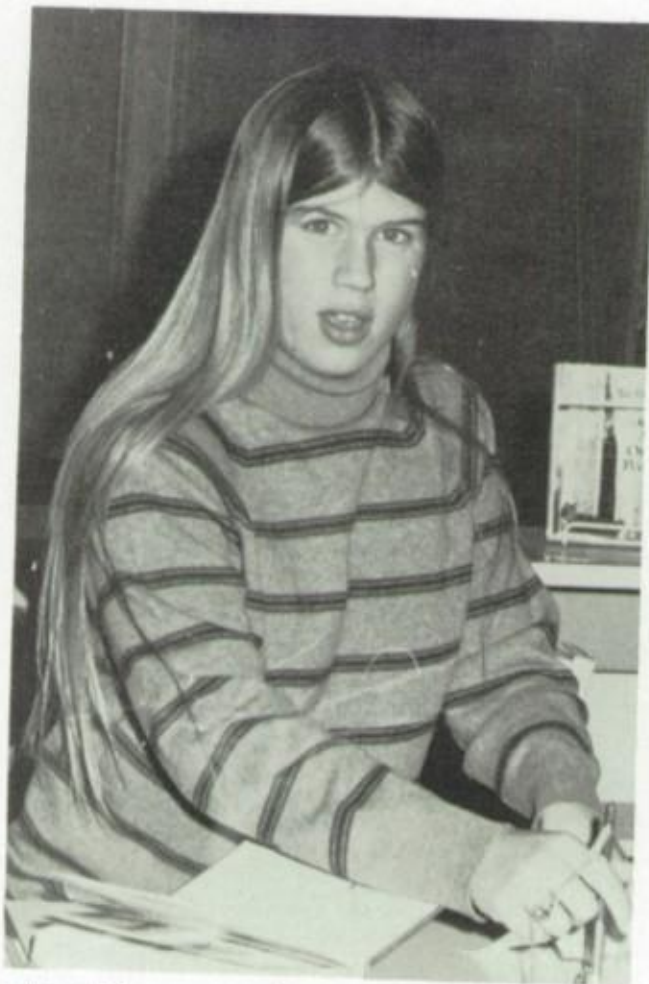

An underclassman taking chemistry at GHS may find a senior invading the class. These seniors are volunteer lab assistants. They help the chemistry teachers during a free period so that more individual attention in lab work is possible. In addition to answering questions, they prepare the chemicals necessary for each lab and help clean the lab when the experimenting is over.

A group of students interested in science, some of whom may eventually pursue careers in science, met to form the Pasteur Society. Two events dominated the 74-75 Pasteur calendar. The group toured Hinchliff-Pearson-West funeral home in the fall and planned a wildflower hunt in the spring. Mr. Maurizi acts as faculty advisor for the group.

Library Cadets Help Serve Learning Center

Everything you always wanted to know about what?

Library Cadets were a great service this past year, providing help to the Learning Center Staff and students using the Learning Center facilities. At the beginning of the year, they were required to attend training programs taught by Mr. Hoehn to familiarize themselves with the Learning Center and its procedures. During the hour spent in the library, they checked books, helped locate materials, and took attendance. This gave the library staff more time to help students individually.

Mrs. Benson, faculty advisor, considered Office Cadets as a class, although they received no credit and came during their study hall. Only seniors and juniors can be Office Cadets, and most of those who were Cadets had interest in a future business career. The Office Cadets did more than deliver counselors' and teachers' messages and pick up attendance slips, which is all the majority of the student body sees. They help with typing, filing, and general office work, spending most of their period in the office. From helping and working in the office they received a good background for furthering their business interests.

Knock! Knock! Who's that in the middle of history class? -an audio-visual assistant delivering tomorrow's film. But that's only one of the many jobs they perform. There are A-V assistants assigned to Mr. Kenney throughout the day. They clean films and do some repair work as part of their training in audio-visual technology. Mr. Kenney provides the leadership and instruction in the use of the equipment. Some of the students plan to continue working in film or sound, but most assist because they enjoy the work which also benefits the school.

"Okay. Today we're going to start out with 25 situps, 30 push-ups, and 10 laps. Is everybody ready? Then get going. One, two, three . . ." If you were an underclasswoman at G.H.S. in 74-75, this is something you might have heard in your P.E. class. A number of senior girls volunteer each year to assist gym teachers

by being "Senior Leaders". They help oversee exercises, keep track of equipment, and provide demonstrations of various skills. Since P.E. classes are sometimes too large for a teacher to provide individual instruction, Senior Leaders help make P.E. classes more individualized.

An adult attending a G.H.S. home basketball game may sometimes find it difficult to keep from getting lost. Usherettes, a group of Pep Club members and volunteers, station themselves around the gym to assist spectators in finding their seats. They also distribute programs for the convenience of those attending a game. Mr. Sargeant, Pep Club sponsor, is advisor for the group. Kim Kelley and Anitra Taylor are student captains of Usherettes.

The G.H.S. Campus Pride Organization performs many services for the student body. Their efforts in keeping litter from cluttering the halls and school grounds both last year and in 74-75 have made G.H.S. a place of which to be proud. In previous years, pop cans were a particular eyesore. This year there were no pop cans. Campus Pride took the responsibility of dispensing pop by the cup at noon and after school for those who wished to buy it. The club also helped publicize athletic events and special programs at G.H.S. by keeping the marquee up to date. Mr. Sargeant sponsors the group.

Enthusiasm Shows Up in Soccer Club

FIRST ROW: D. Taylor, S. Nemeth-President, J. Pollilo-Vice President, R. Bean. SECOND ROW: Mr. Sargeant, T. Lacey, R. Schrod, J. Hanlon, M. Haptonstahl.

Sparked by Steve Nemeth, third year president, the Soccer Club was out to have a good time. The club had no money-making projects, since they concentrated on just playing soccer. The really

Nemo, why didn't you bring your trophy?

fantastic thing about Soccer Club was the enthusiasm and interest of its members. The club planned a game against Carl Sandburg Junior College, but it was cancelled due to the weather. Despite that disappointment, the 26 members practiced practically every weather-permitting weekend through the whole school year. At their practices, with Steve Nemeth serving as coach, they began with drills and individual skills, finishing with an inter-squad game. The Soccer Clubs of the two previous years turned out four Knox College Soccer Team members, and one on the University of Illinois team. In other activities, the Soccer Club won the Budget "Round-Robin" Football Tournament. The hope of this club's seniors is that their enthusiasm and interest for soccer continues in years to come at GHS.

Possibly the largest GHS organization is the 150-member Girls' Service League. GSL is open to any girl who is interested in community service. Many of the club's activities help to start the school year. Members gave an apple and student directory to each teacher. Students were given the opportunity to buy a student directory for 75 cents. New girls and sophomore girls were invited to a style show and reception during the

first school week. The first dance of the year, Pigskin Prance, was given by the club after the first home football game, this year against Iowa's Dubuque Wahlert. Among the GSL Christmas activities was a cookie packing project to benefit the Salvation Army. A year-end banquet was held to reflect on the activities of 1974-1975.

The Symphonic Band was also the Marching Band and Pep Band. They started out the year marching at parades and the football games. In October, with the Gadets, the Band competed at the University of Illinois High School Marching Contest. The Band and Gadets placed third for class AA in parade competition, and Steve Brown won "best drum major" for the second year. The Pep Band played at all the basketball games, sometimes accompanying the Gadets at half-time. The Symphonic Band gave concerts at Christmas, Winter, and Spring. At the Winter concert, the Western Illinois University Wind Ensemble performed alone, and combined

with the Symphonic Band. First chair players from Western came the Friday before the concert to give section instrument classes to the Symphonic Band. This year GHS was host for the District Solo-Ensemble, and Organization Contests. Area high schools came for the Solo-Ensemble contest March 8, and the Organization contest April 19. Band members, interested in continuing music after graduation, helped plan and prepare these contests. Under the direction of Miss Rynott, these band members gained experiences and knowledge from many rehearsals and performances that will carry through the rest of their lives.

The members of the Jazz Ensemble were 19 students from the Symphonic Band. The Jazz Ensemble gave many performances this past year, playing at the middle schools, a grade school, and the junior high schools. The Ensemble played for community service organizations, and the State Gifted Convention in Decatur. The Northern Illinois University Jazz Band, with feature guest soloist Rich Matteson, came January 8 for an assembly and a concert with the Galesburg Jazz Ensemble. The Jazz Ensemble competed in the Oak Lawn Jazz Festival at Oak Lawn High School February 1. They received superior ratings from all three judges, the first time the Galesburg Jazz Ensemble has received all superior ratings. The music the Jazz Ensemble played varied from Duke Ellington's "A Train", to Jazz/Rock charts popular today. Those who closely associated with Galesburg's Jazz Ensemble agreed that it had furthered the accomplishments of the Jazz Ensembles before it.

A Cappella Choir took a ride through 74-75 with a nostalgic twist. For instance, the choir appeared in the Reflectavue with a rendition of *Twentiana*, a collection of songs from the twenties. GHS history was made during the Christmas season with A Cappella's twenty-fifth annual performance of *The Song of Christmas*. The annual musical was another nostalgic journey into the twenties. *No, No, Nanette!*, the 1925 musical, was given in late February by choir members with the assistance of Concert Choir and other school groups. The choir, for the first time in several years, competed in the State Organizational Contest, this year held at GHS in April. Many members also participated as soloists or in ensembles when GHS hosted the State Solo and Ensemble Contest in March. Many of the choir members go on with their music in college and later as a hobby. All remember the years they spent singing the choir theme, *Cantate Domino*, under the direction of Mr. Hegg.

Concert Choir carried a vigorous schedule of performances at concerts, area schools, and community events. A black light routine to the popular song *Joy to the World* was presented during the Reflectavue. Choir members assisted the A Cappella Choir in the production of the musical comedy *No, No, Nanette!* by working on backstage and costume crews. First and second semester mixed ensembles were chosen for appearances in concerts and community sings in addition to the Concert Choir Girls' Ensemble. Many members sang solos or in ensembles for the State Solo and Ensemble Contest in March. The women's and men's sections combined with those of the A Cappella choir in Chorus competition. The choir sang a high caliber of music and spent the hours of practice in anticipation of their ultimate goal, membership in the A Cappella Choir.

Girls' Chorus is an exclusively sophomore organization dedicated to performance of three-part music and training in musical performance. The chorus this year was the smallest in GHS history. The small membership was counted as an advantage since more extensive training was possible. The girls sang at each of the school concerts and for community groups. They presented a costumed hillbilly act in

the annual Reflectavue. An ensemble was chosen from the chorus to further the proficiency of the members and as an educational experience. Many of the girls proceed in later years to membership in the Concert and A Cappella Choirs. Sophomore Girls' Chorus serves as a stepping stone for later high school musical experience.

And here he is

A new dimension in the music program this year was Swing Choir. Dressed in red, white, and blue, the twenty-four member mixed group offered a swiny style of music to add to its showy dance routines. The choir appeared in school concerts, Reflectavue, and at several community functions. They also competed in the State Solo and Ensemble contest at G.H.S. in March. Mrs. Graffouliere provided leadership to this group of A Cappella Choir members.

Girl's Ensembles Perform for Public

The Girls' Ensemble, selected from the A Cappella Choir, spent many hours preparing and performing music for school concerts and community meetings. There were seven seniors and four juniors in this year's group. Dressed in their blue knit dresses with white collars and cuffs, the girls sang for circle meetings, service clubs, and nursing homes, as well as company dinners and Reflectavue. The ensemble provided a diversified repertoire ranging from popular tunes to the classics.

Triple Trio executed a variety of women's three part numbers during their year of participation in the GHS music program. The seven seniors and two juniors were chosen from the A Cappella Choir for their high level of musicianship and ability to blend

into a complete ensemble sound. They performed for a variety of community and school groups in addition to concerts, Reflectavue, and Choir appearances. The girls gained wide recognition for their musical abilities.

Singing Streaks Capture All

One of the most popular of the G.H.S. vocal music groups is the Singing Streaks. The group is comprised of nine members of the A Cappella Choir men's section. This year's ensemble was made up of four juniors and five seniors. Throughout the year, the Streaks appear in the various concerts, the Reflectavue, and at community functions for which they are asked to sing. All of the members display the top proficiency achieved by the high school music program. Occasionally during the year, the Singing Streaks combined forces with the Girls' Ensemble to provide musical entertainment.

THE HORSE MARKET

During World War I, Galesburg was the location of the largest horse sales in the world. The barn was owned by Leroy Marsh and was located at Cherry and Waters streets.

Horses were shipped through the C. B. & Q. railroad until 1877, when the Santa Fe took over some of the load. A depression in 1896 put Marsh out of business, but he received aid from area bankers and soon owned the entire block between Cherry and Broad streets.

The market for horses was basically for sturdy work animals. Among the firms buying horses from Marsh were the streetcar operators in New York City, the mounted police in Chicago, the Knickerbacher Ice Company (with branches in Houston, New York, Philadelphia, Cincinnati, and Newark) and various other national firms.

By 1910, 25 carloads of horses were shipped to Marsh each week and 25 carloads were shipped out. This totaled 500 new horses per week. Each horse needed a new halter, totaling 500 new halters per week. Each horse needed two new shoes on its front feet, totaling 1,000 new shoes per week. Seven to ten blacksmiths were employed in making the shoes.

Marsh employed 25 regular men and 40-50 extra on Fridays and Saturdays. This extra weekend business was a large source of revenue for area innkeepers. Marsh's own yearly gross totaled \$3-4 million in 1917, when 1027 horses were sold each day. Armies around the world bought horses to pull artillery during the war.

The horse market was made possible largely because of the strategic location of Galesburg on both the C. B. & Q. and Santa Fe railroads.

Coach Kelly Kane had a successful first year at G.H.S. This years team showed a feeling of confidence and sense of winning. A scoring offense along with a tough defense combined for the Streaks 5-4 season record. The offense led by senior quarterback Marty Anderson was able to put many points on the board as shown in the 61-36 victory over East Moline. On the other hand the defense stopped many opponents such as the goal-line stand against Rock Island to save their victory 15-14. With Coach Kane at GHS, more successful seasons seem to be eminent.

Where did they all go?

Sophomore football ended their season this year with a win over Pekin making their record 3-5-1. The Defense looked stronger towards the end of the season, although losing three of their last four games. Their record didn't really do the team justice as three of their five losses were within 4 points. With a little luck over Burlington their record could have easily been 7-2. Coached by Mr. Bruington, this squad had a respectable year at GHS and are well prepared for the varsity ranks next year.

Girls Tennis ended their third year with a 2-4 conference record. The team received second place in the District with Jennifer Davidson going to the second round in state competition. Under first year coach Mrs. McDonald, the team posted their best season overall playing home meets at Lake Lawn since the High School courts were not finished until the end of the season.

This year was the second year for girls swimming as they sported a 1-6 record. Their only win came against Olympia but later on in the year Moline forfeited to the Streaks making their record actually 2-6. Coached by Mrs. Coffman, the team has a better squad this season and more depth than last year. Depth will be a part of next year's team also as only two seniors are leaving and hopes of many sophomores joining the ranks.

In its third year at G.H.S., the girls Field Hockey teams listed their best season overall. Coached by Mrs. Hoehn, the Varsity squad ended the year undefeated at 6-0 with the Junior Varsity right behind with 5 wins and 1 loss. Girls Interscholastic sports has only been in Galesburg for a few years now, but with records like these they are here to stay.

This year was the first time that Golf has been played in the fall at G.H.S. The Streaks worked hard over the summer so they would be worthy competition for the meets ahead. Under the coaching of Roger Soper, the Streaks turned in another winning season with a 13-1 record, receiving 1st

place in both District and Sectional categories. In the Decatur Invitational, the Streaks got 7th place and later won 2nd place in the Western Big Six. With many good juniors and sophomores on the squad another good season should come about next year.

Cross-Country is often overlooked as being a competitive sport at G.H.S. unless you are a part of it. Training usually consisted of running more than five miles a day during the summer until the season starts in September. Under first year head coach Evan Massey the Cross-Country team ended the year with a 4-7 record and received 8th place in the Western Illinois Invitational. Although with many good runners on the squad, the Cross-Country team finished in 5th place in the Western Big Six.

Height would be the word to describe this year under head coach Mike Owens. With five players well over six foot, Galesburg looked down at many opponents throughout the year with 12 wins against 11 losses. Although ending the year on a losing note against Richwood in Regional competition, the Streaks put together a very impressive game winning streak to-

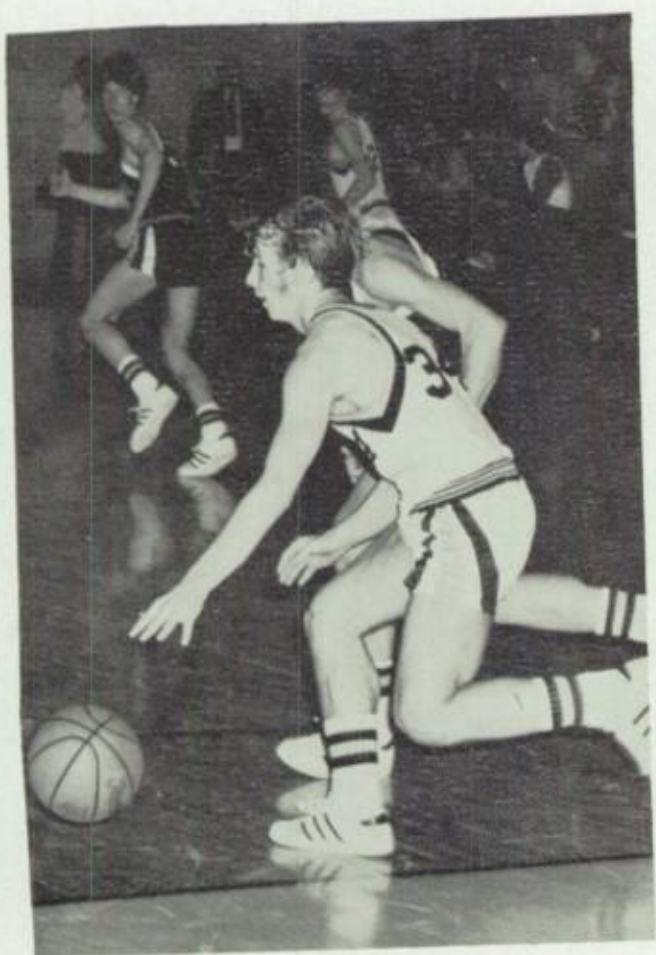

wards the end of the season. This was a year of rebuilding for the Streaks with Mike Campbell, the 6'-8" junior center, the only returning starter from last years team. With nine juniors returning and a good sophomore squad coming up next year should be very promising for the Streaks.

Undefeated is what the Sophomore team was this year as they ended their season 22-0. An impressive squad, the sophomores, under first year head coach Barry Swanson, hustled every game this year crushing all opposition. Although usually performing before small audiences, as the year progressed more Galesburg fans attended, wondering if the Ponies could continue their winning streak. Throughout the year, some sophomores gained varsity experience with Mark Mendez playing extensively. This year was very pleasing for Coach Swanson and ass't Coach Evan Massey, who is also in his first year of coaching. The upcoming years for Galesburg basketball should be very worthwhile.

Basketball has been a Galesburg pastime for a long time now and in the past few years the girls have gotten into the act. Now in their fourth year as a sport here at G.H.S. the girls strive for perfection during practices that are held at Hitchcock School. At the end of the season, the varsity team had attained a record of 5-5. The JV squad ended with a 6-4 record.

Behind the scenes in every sport are some rather unknown people called managers. This group works hard organizing equipment and supplies so the athletes will have everything at hand when they need them. Also acting in charge of first aid, the managers keep all medical supplies in order in case an injury should occur. They help keep scores and record books straight also. These young people take a lot of the worry away from both the coaches and the athletes and deserve a lot of credit for the job they are doing.

Tom Wetherbee received the annual Gerald Phillips Award. Each year, the Phillips Award is given to the senior with the highest academic standing of those winning letters their junior year. Tom's letter was in swimming. He is also on the varsity Tennis team. Tom spent the summer before his senior year in India through the A.F.S. program. Among his other school activities are A Cappella Choir, National Honor Society, Student Council, and Youth in Government. Tom plans to attend college and go into law. Concerning the award, Tom commented, "I feel honored to receive the award and to stand beside those who have received it in the past, because there have been some really great people who have received it!"

Varsity Swimming, now in its second year, is getting closer to perfection as they ended the year with a 10-6 record. The team had more depth this year and was much more consistent than last season. Although their record doesn't seem that outstanding, most losses were by only a few points. Coached by Mr. Art Fish, the squad went to district competition and received a 5th place rating, which is highly respectable. Dave Bishop went to state competition in the Backstroke and ranked very high among the other swimmers.

The Varsity ended the year 6 and 1, winning 1st place in the District competition with the Junior Varsity also having a good season at 6 and 2. Although not yet much of a spectator sport, girls Volleyball plays an important part of G.H.S.

Girl's Track is another one of the many new Interscholastic sports at G.H.S. Practices started in early March with a larger amount of girls than usual. The team, coached by Mrs. Coffman, is one that has experience and ability to be successful.

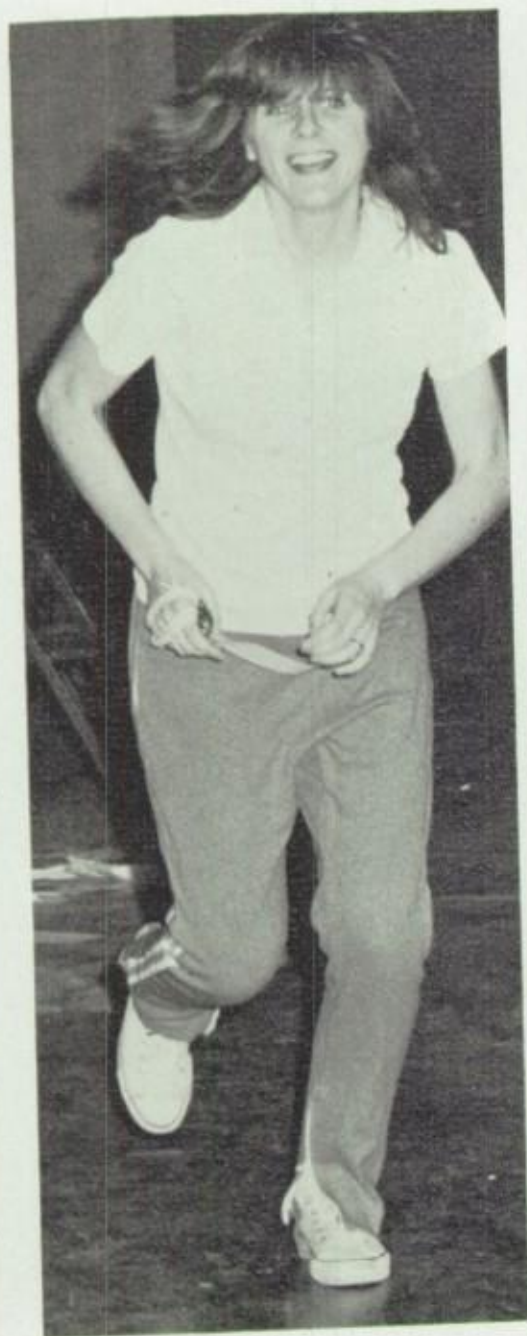

Many able sophomores from the junior high ranks, along with some veteran letter winners, gives the team a lot of depth in almost every category. Now in its third year at G.H.S., the girls track team looks toward a successful addition to G.H.S. sports.

A new pitching staff highlighted the 1975 baseball season at G.H.S. The varsity team under 2nd year Head Coach Bruington had a better defense than last year's squad. Both the sophomore and varsity teams have more overall depth than last season. The varsity squad also sports a better batting line-up with many power hitters on the team. Both the sophomores, who are coached by Mr. Hickey, and the varsity had high hopes for this season following a state finish by the Streaks in 1974.

Girls Head For Fairways

Nine active girls make up the 1975 girls golf team at G.H.S. Practice started at Bunker Links with coach Mrs. Rosine after the Easter Vacation Break. Their were four new faces on this year's squad that started their season in April. Their six meet schedule consisted of Macomb, Rock Island, and East Moline, each playing the Streaks once at home and once on the road.

FRONT ROW: J. Thurman, L. Shearer, M. Cash, K. Mendrek. BACK ROW: P. Mead, J. Coleman, N. Holliday, G. Rosine, Mrs. Rosine.

Bowling Team Places Second

The Girl's Bowling Team finished their season placing second out of ten teams at District. Through their December-January season, they met in the alleys: Rock Island, Abingdon, Avon, Canton, and E. Moline. The J.V.'s and the Varsity both finished at two wins and three loses. High scorer for the season was Debbie Downard's 204.

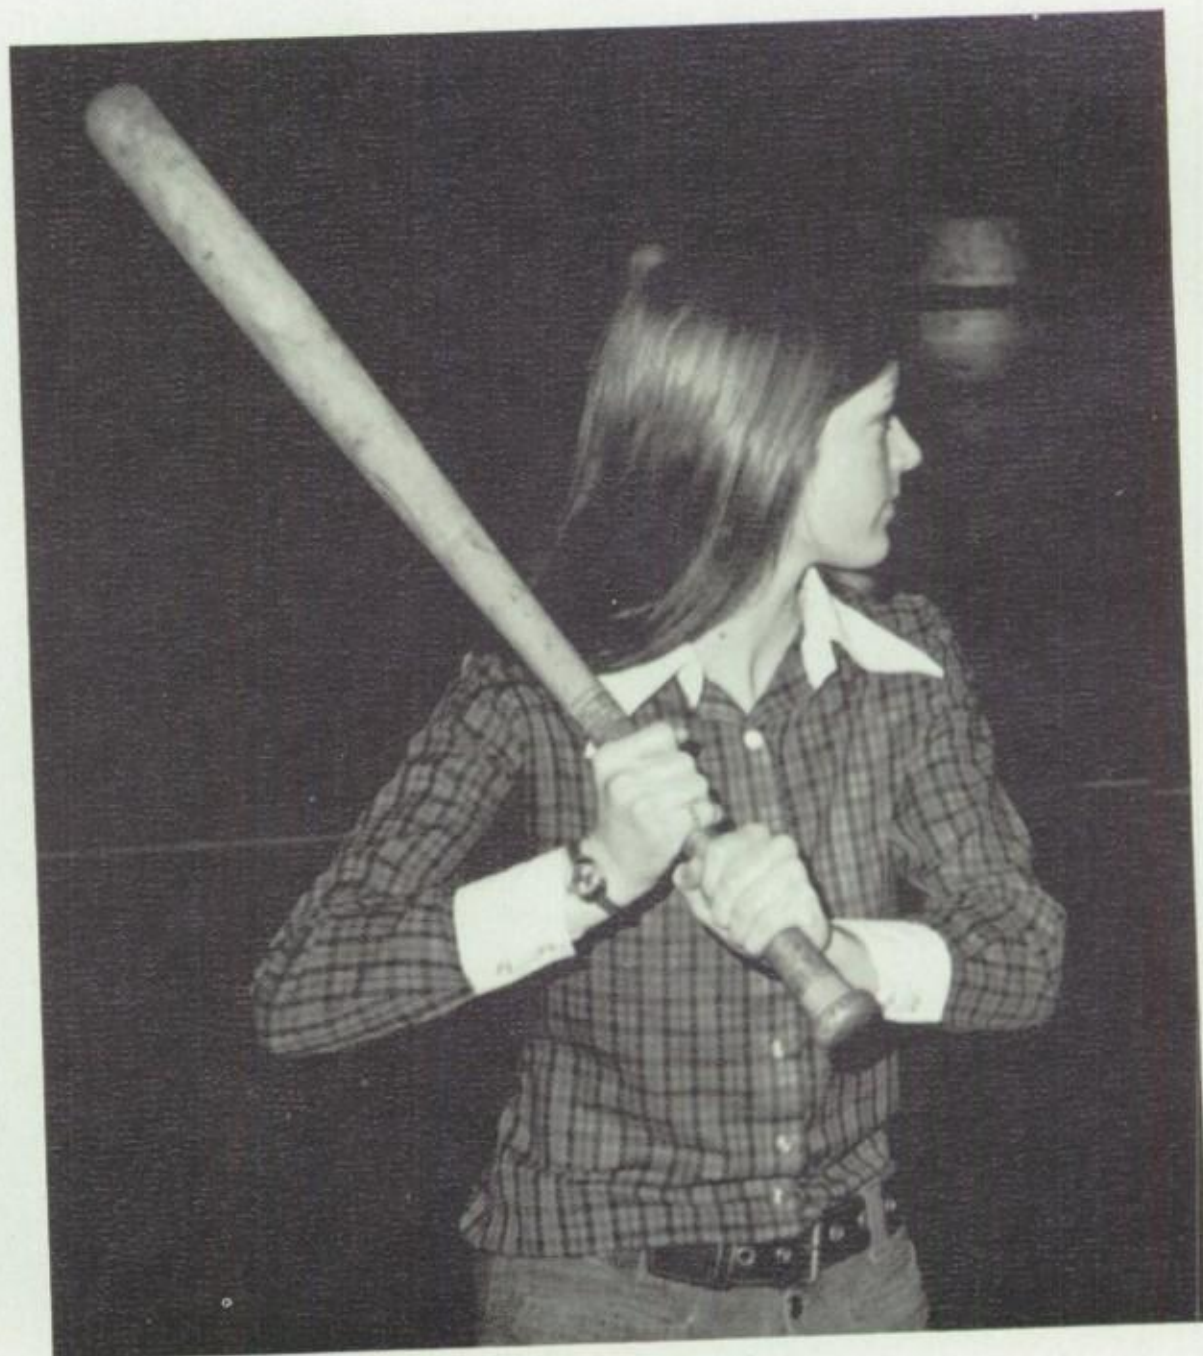

FRONT ROW: D. Wickline, M. Blucker. SECOND ROW: P. Ward, Mrs. Rosine. THIRD ROW: T. O'Connor, A. Templeton. FOURTH ROW: A. Luna, D. Downard. FIFTH ROW: J. Germain, R. Hartley.

Girls Ready for Season Opener

FRONT ROW: L. Snyder, T. Roach, L. Shummard, P. Middaugh, L. Lauderman, L. Patterson, C. Paestch, R. Roberts, E. Smith, C. Fitzsimmons. SECOND ROW: D. Downard, D. DeGraff, A. Hertenstien, M. Tennis sported a new look this year as the new tennis courts were finished in October. The new courts gave the teams a nearby place to practice their skills and strategy. This year's team was invited to a workshop in Burlington before the season started so they could practice with other area schools. Both squads are larger this year with the varsity being coached by Mr. Bradley and the sophomores by Mr. Trapani.

All boys earning a varsity letter were members of the "G" Club. To make the football and basketball games a little easier and enjoyable, they passed out programs, helped with SAA tickets, and provided a coat check at the basketball games. With the funds raised by the coat check they held a banquet for the parents, in appreciation of their understand-

ing and support, and the members. Highlighting the banquet was a guest speaker from professional sports. The senior lettermen were each given a plaque, listing the team, or teams, for which they competed earning their letter. Through the year the "G" Club always tried to rouse the student body to support the teams.

Cheerleaders Spark Enthusiasm At Football Games

D. Humes, A. Shaw, L. Henning, R. Brand, K. Markham, L. MacDonald.

Although a cold rainy night is fine for a football game, it isn't that good for the cheerleaders. Even in the worst weather, the varsity football cheerleaders will be out there cheering the Streaks on to Victory. The squad, coached by Mrs. Rosine, practiced everyday during the season working on mounts and various cheers used at football games. These girls are also very much involved in the Homecoming festivities. They appear in the parade and lead cheers at both the bonfire and the game. These girls are an extremely welcomed addition to the football season.

Every year six Junior girls are chosen as Junior Varsity cheerleaders. These girls lead cheers for all J.V. games and some varsity games. Coached by Mrs. Rosine, these girls practice hard hoping to make Varsity cheerleading in their Senior year. The squad received some extra experience by performing for the J.V.-Soph. game preceding the Varsity game against Marshall. They also led cheers against one home game and one away game.

Football games just wouldn't be the same without cheerleaders. Although there is usually a small attendance at sophomore football games, the cheerleaders are still there to cheer the Ponies on to victory. These six girls work hard in practice with hopes of making the Varsity squad in the years to come. Coached by Mrs. Rosine, these girls deserve a lot of credit.

Darling!

Enthusiasm isn't very hard to find at a basketball game and the cheerleaders try their hardest to keep it that way. No matter what the consequences, these six girls will lead the crowd in cheers, perform acrobats, and try to keep the Streaks in a winning fashion. Coached by Mrs. Rosine, these girls practice long and

hard on precision stunts and cheers to be ready for the basketball season. Sue Greer was the only veteran of the squad with the other five coming from junior varsity and sophomore cheerleading. These girls are all fine representatives of Galesburg High School and add a lot to basketball throughout the season.

Ponies Cheer On to Victory

Got that fly!

Although usually performing before small audiences, these girls get up the crowd's enthusiasm to cheer the Ponies on to victory. With the sophomore team going undefeated, enthusiasm came fairly easily. But don't take any credit away from the cheerleaders. All year long these six girls worked hard with hopes of making the varsity or junior varsity squad in the years to come. Coached by Mrs. Rosine, the sophomore cheerleaders also helped out with the varsity entertainment by working with the varsity cheerleaders during the pre-game show.

A men, Amen.

This year's Streakettes opened their performance season during the Reflectavue in November. Since then, many hours of practice have gone into their routines seen during the halftime break at basketball games. Some new equipment was purchased this year to add to their performances. Coached by Mrs. Rosine, these girls work on aerials, flips, and especially on timing. Now in its eleventh year, the Streakettes add alot to whatever they participate in.

Practice and perseverance equals perfection and precision. This is the formula for the success of the 28 girls who make up the marching drill team known as the Gadets. Coached by Mrs. McDonald, the Gadets meet every day during 6th hour to learn and perfect their routines. During the year the Gadets performed in the Reflectavue, at football and basketball half-times, competed in the University of Illinois Marching Band Festival with the band, marched in parades, and performed at Carl Sandburg Junior College and Knox College basketball half-times. All of the girls are Juniors and Seniors and are selected in the spring on their ability, coordination, showmanship, and citizenship, among other things.

THE OLD IRON HORSES

When the railroad craze first struck the midwest, Galesburg was bypassed by the planned routes. In order to avoid being stranded, a group of leading citizens decided to build their own railroad. On Feb. 15, 1851, they obtained the charter for the Central Military Tract Railroad Company. In September of 1851, surveying began.

On February 22, 1852 the chief engineer of the Peoria and Oquaka Railroad sent a letter from Burlington, Iowa to Congress to request a land grant across the southern part of the state. He outlined a plan for a route from Boston through Albany, across Canada to Detroit, Chicago, Aurora, through Galesburg and Burlington to the Platte River. It was his idea to use the C.M.T. as a linkup between the Aurora branch and the western section of the P & O forming a corporation of various railroad branches. Next to the Chicago and Aurora Railroad, the C. M. T. was the most vital linkup.

Eastern funding provided \$200,000 to be matched by the western half of the railroad. Without proper funding in the west, the easterners would withdraw support. As the deadline approached, it was clear that there would be a \$50,000 deficit. To meet the goal, Chauncey Colton and Silas Willard contributed the needed funds, thus winning eastern support.

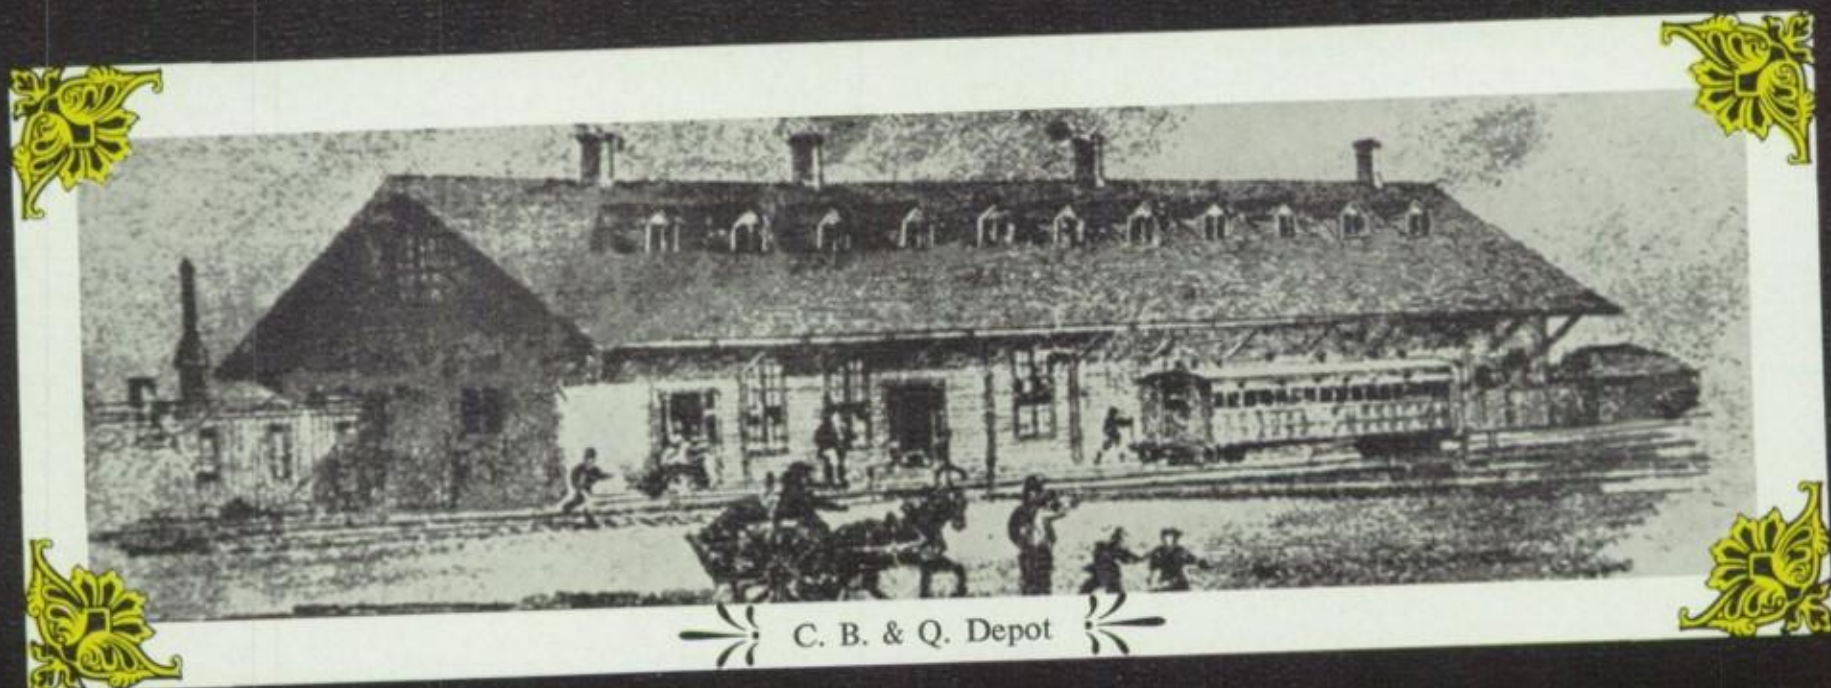

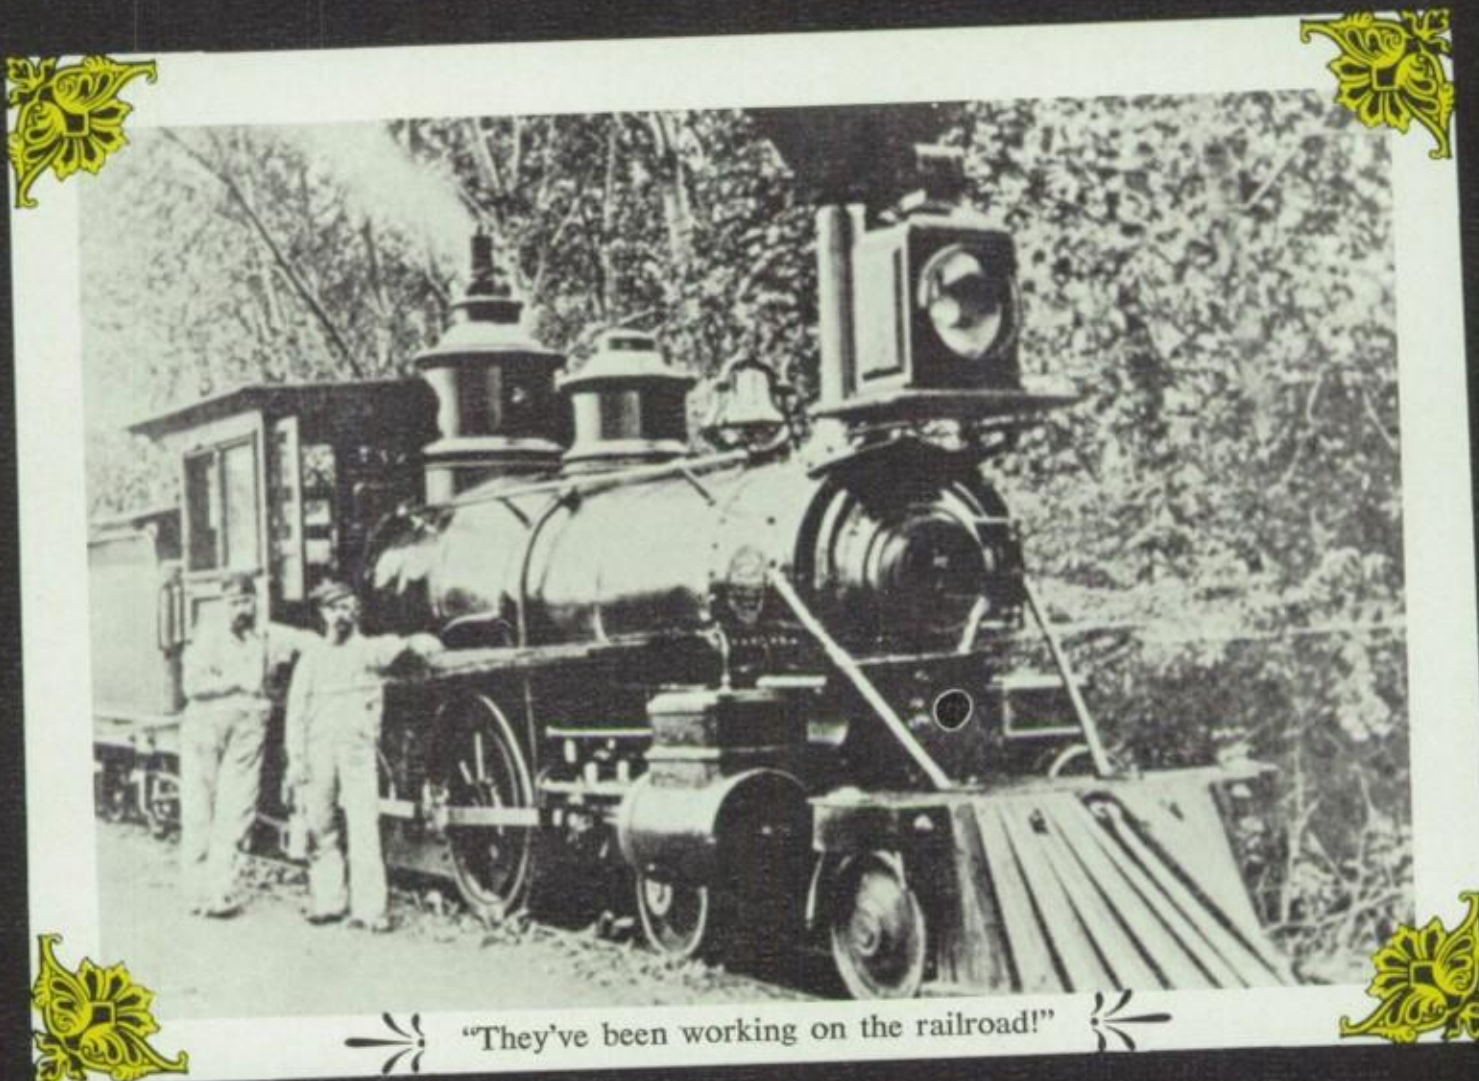

The Chicago and Aurora Branch named the corporation the Chicago, Burlington, and Quincy Railroad. By 1854, the 42 miles between Galesburg and Burlington had not been completed. Other sections in the route advanced the funds, and on March 17, 1855, the Galesburg to Burlington link was completed.

There was reason to celebrate when, on May 30, 1855, a group of dignitaries met in Burlington. Senators Lewis Cass of Michigan and Stephen A. Douglas of Illinois rode the route along with Mayor Boone of Chicago. The C. B. & Q. was the first route owned by one group to extend from Chicago to the Mississippi.

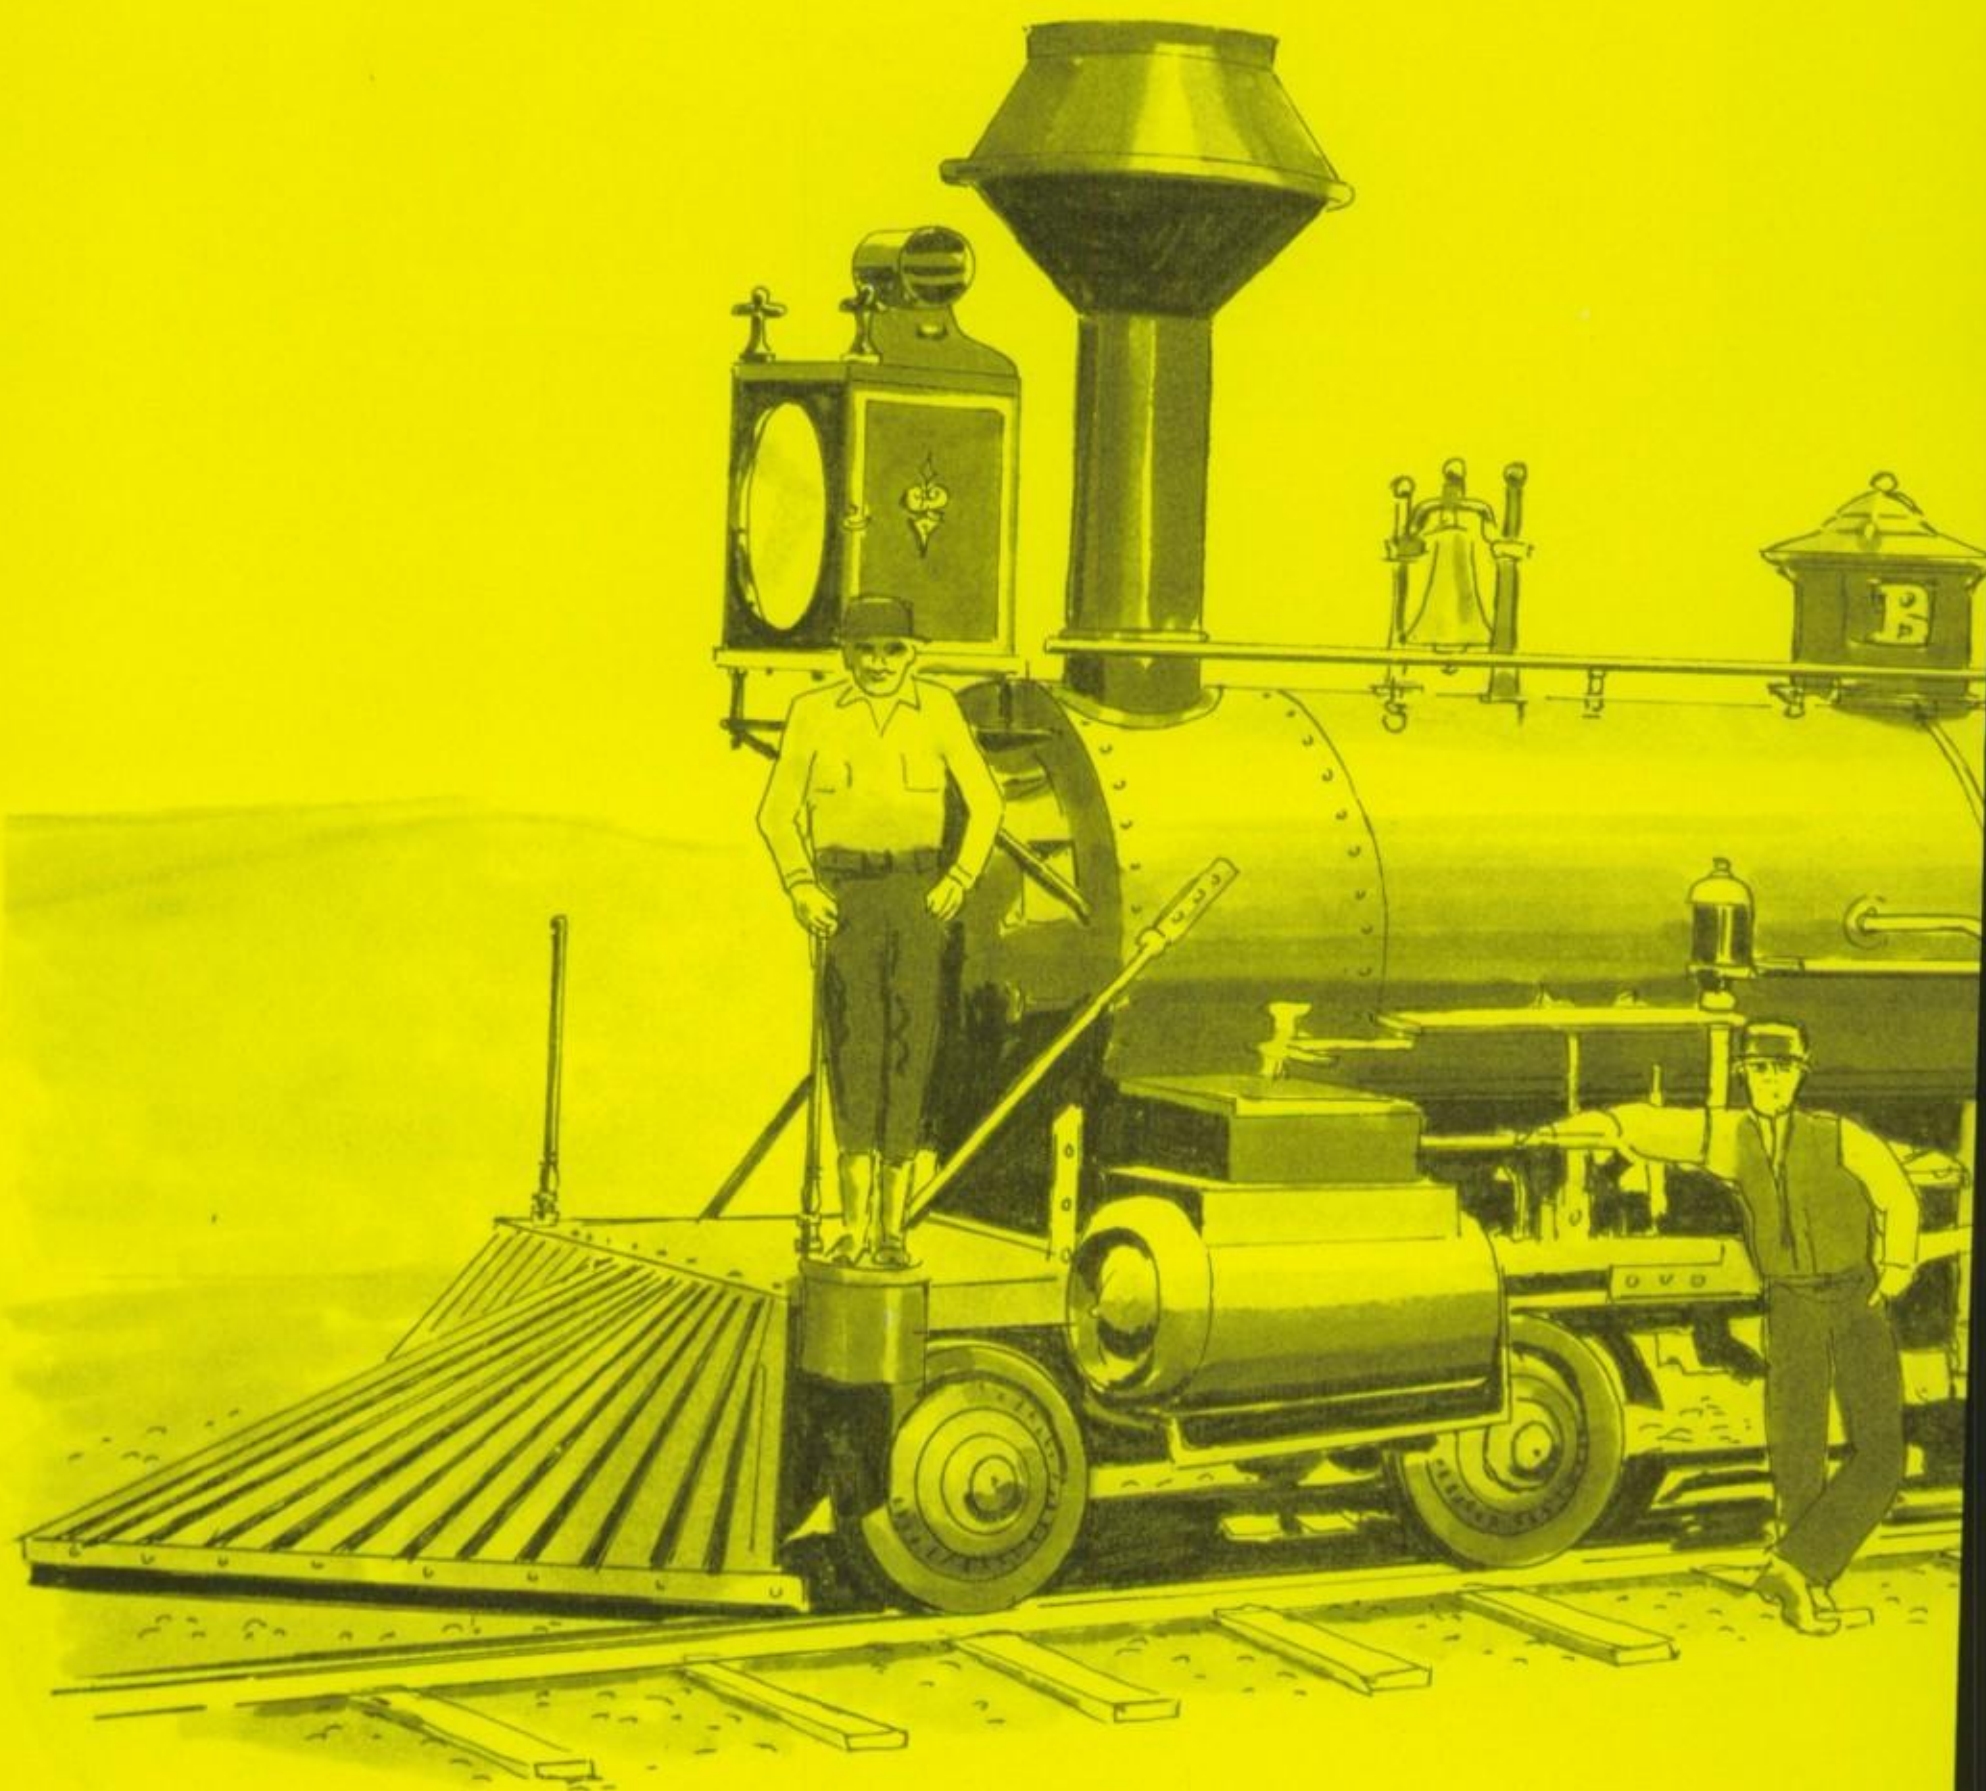

With the addition of the Santa Fe to Galesburg in 1877, the city became a railway crossroad for the midwest.

"The Wild West" Rides On

"The Wild West" served as the theme for the celebration of Homecoming 1974 at Galesburg High School. Festivities got underway Thursday, October 3, at an assembly, where the Homecoming royalty was crowned. Tom Redington served as Master of Ceremonies while Student Council President Chuck Teval crowned the royalty. Thursday evening, a motorcade proceeded from Chambers up Main Street. The three class floats, as well as the GHS, Lombard, and Churchill bands, added to the festivities. The seniors placed first with their float, "Hang 'Em High". In keeping with the Reflector theme,

other royalty candidates piled into the back of a 1974 Ford Ranchero. After the parade, GHS loyals appeared at a pep rally around the bonfire north of Van Dyke field. Festivities continued Friday, October 4 with the game against the Blue Devils of Quincy. The Streaks were outscored 26-12. Saturday night, the gym was transformed into a country atmosphere for a wild-west hoedown. *Eternity Road* provided music in the hay-filled setting, which was complete down to a live barn cat. GHS student, Dave Lavender, and friend, Pat Leeson, entertained the crowd of 150 at intermission with their folk songs. The 1974 Homecoming celebration ended with the crowd gradually disbanding into an October rain.

Invisible Rabbit

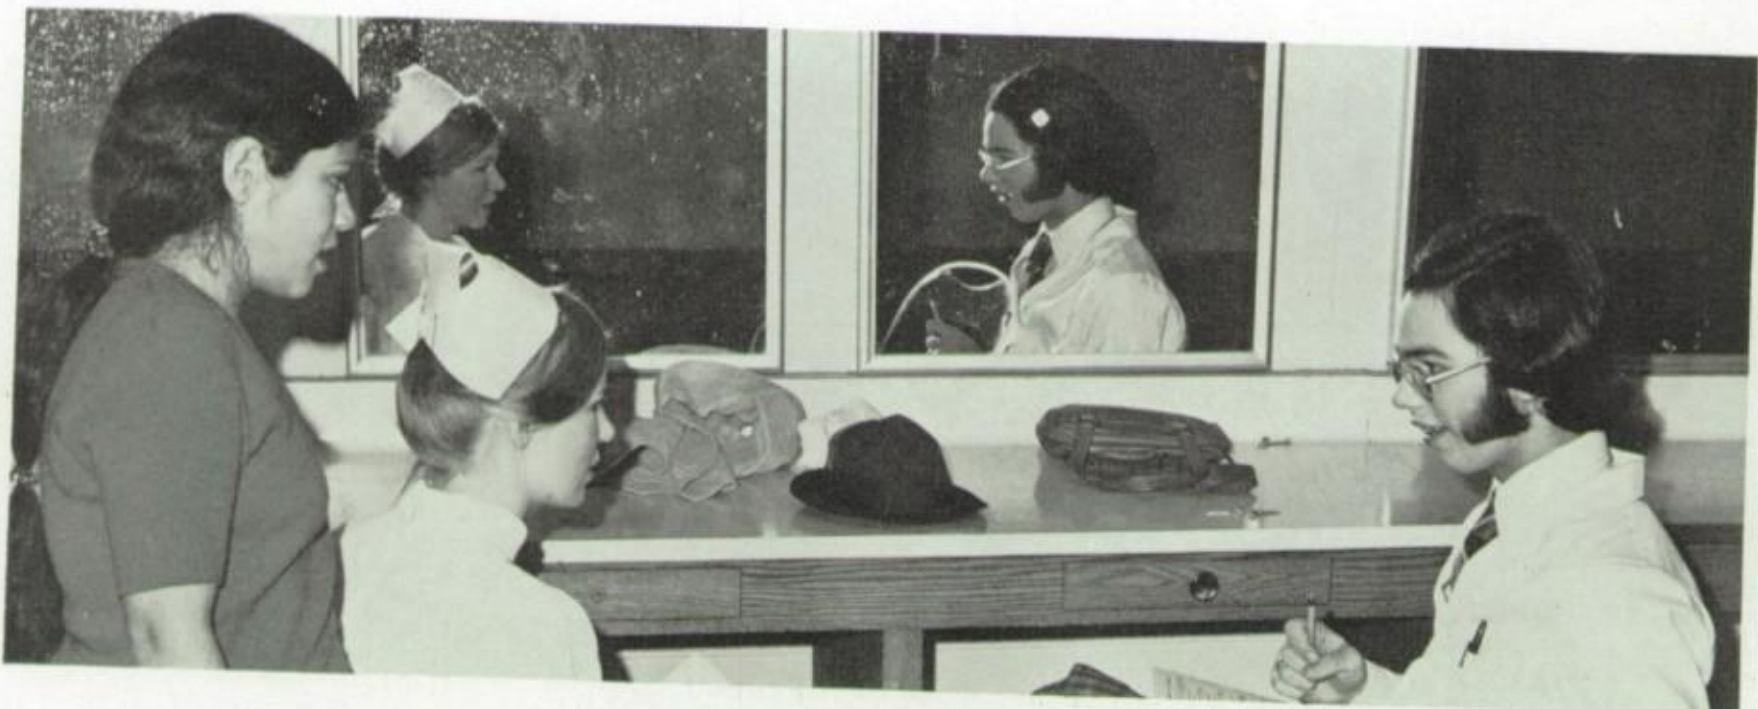

Eh . . . What's up Doc?

"Harvey" was the 1974 Fall play. Written by Mary Chase, the play is based on a man, Elwood P. Dowd, who is a bit unusual. He has a friend who is a six foot tall rabbit. This rabbit is named Harvey and for some reason is visible only to Elwood. Elwood's sister, Veta, tries to have him put away, but somehow ends up on the funny farm herself. Dr. Chumley, head of the institution, soon finds he, too, believes in Harvey. The play was put on by the drama department and was directed by Mr. Dale Allard. The makeup crew was aided by Gwen Webb, a Knox College student.

with "Fremont Follies"

"Fremont Follies" was the theme of the 74-75 Reflectavue. The show, the profits from which go to the Reflector, was very successful in that substantial funds were raised for the yearbook. Preceded by two nights of dress rehearsal and several weeks of planning and practice, the Reflectavue was presented Friday and Saturday Evening, November 22 and 23 in the auditorium. Among the 34 acts were such organizations as the Swing Choir, Streakettes, Gadets, A Cappella Choir, Concert Choir, Girls' Chorus, and Jazz Band. Solos were done by Debbi Blighton and Randy Turner. A group of band members presented a novelty number depicting a band practice. Another group of band members combined forces to give a rendition of the theme to *The Sting* with water-filled bottles. The percussion section got into the act with a "far out" novelty piece using lights as background. The Soul Patrol demonstrated a variety of modern dance steps to modern soul music. A show wouldn't be complete without kicklines. A group of sophomore girls made up one kickline while another group of junior and senior girls composed another kickline. Reflectavue is a major event in GHS life because everyone can become involved. The students work hard to present their acts for the enjoyment of their fellow students and the general public.

A Cappella Choir

Those where-has-my-hubby-gone blues.

Fifty years ago, in January 1925, a musical opened on Broadway which typified the naivete of the twenties. The show was "No, No, Nanette," based on the book by Frank Mandel and Knox College's Otto Harbach. The music was composed by Vincent Youmans and lyricists were Irving Caesar and Otto Harbach. A Cappella

What AM I doing here?

We're engaged . . . to be married.

Choir chose the 50th anniversary year for its rendition of the show. "No, No, Nanette" had a phenomenal number of classic one-liners as well as the usual romances and misunderstandings. Highlighting the musical numbers were tap dance routines, chorus work, a ukelele chorus and band accompaniment. All scenery and costumes were strictly with the 20's, creating a feeling for the period. "No, No, Nanette", performed Thursday and Saturday, February 27 and March 1, provided colorful, humorous entertainment for all those attending. On the second night, the G.H.S. auditorium was all but filled, for which reason the Choir members termed the show a success.

AVIATION

Galesburg, keeping up with modern innovations, was directed by the citizens that it needed an airport. In 1928 the first airport committee was appointed; its first line of business being: to find a place for an airport. The land on the northwest corner of Fremont and Henderson was recommended, and shortly became the site of Galesburg's first airport.

The airport had two runways, and the first flight into Galesburg was in the spring of 1931, so Galesburg had its airport. A novelty of the new airport was its air-sock. Children would come and gaze at the sock, intrigued by its novelty and movement. But everything brought by the airport was not liked. A year after opening, complaints were made to the city council about planes flying late at night, prompting a 10:30 curfew on flying.

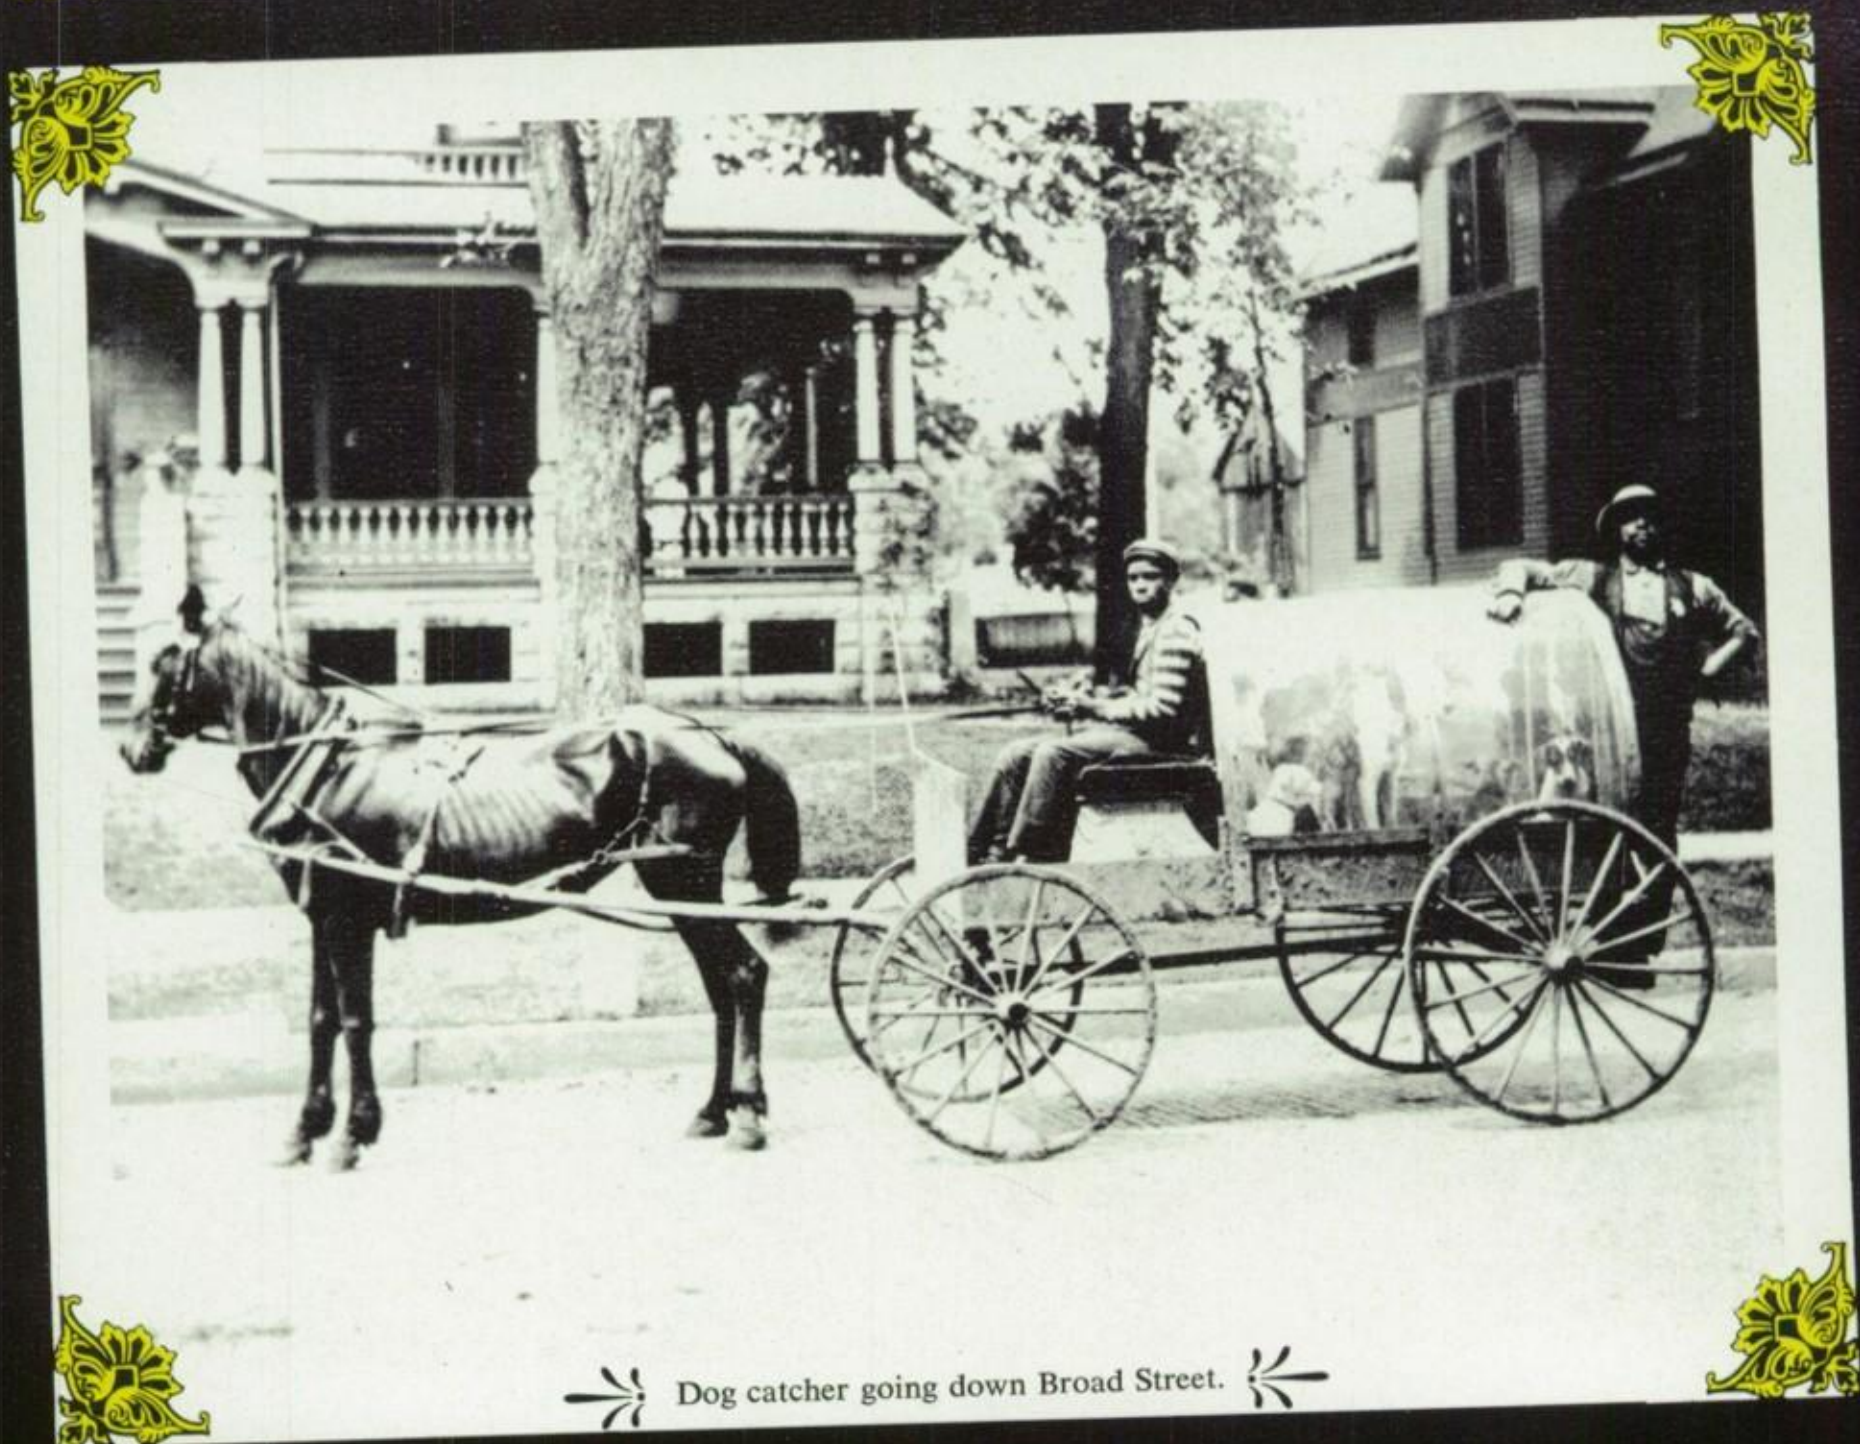

As Galesburg expanded towards the northwest, the airport was outgrown. After 20 years of service, it moved out west of town where it is today. The hanger from the first airport still stands though, housing "Ace" Hardware.

People in High Places Lead Schools

Dr. Barney C. Parker, Superintendent of the Galesburg Community School Unit 205, has the responsibility of providing educational leadership for Galesburg Senior High as well as two junior highs, five middle schools, and fifteen elementary schools. His leadership supported by the Board of Education, encompasses many phases of decision-making. His primary concern at all times is for enrichment and benefit of boys and girls of the Galesburg Schools.

The Board of Education, the group of elected officials responsible for the smooth operation of District 205, is involved not only with GHS, but with all Galesburg area schools. Through their unpaid efforts, new curriculum and programs are backed up. Many students never see a board member, but they must remember that, as in a dramatic production, the behind-the-scenes people are vital.

Try to imagine how much record-keeping is involved in a school of some 1,900 students. In addition there is typing, filing, registration, attendance - not to mention the constantly ringing phones. It takes a large, well organized, and efficient office staff to keep things under control. GHS is fortunate to have the well-trained staff it does. Besides their regular duties, the office staffers seem to be able to find time for the extras for the teachers and students. The duties of educational secretaries make their job just a little different and a little more fast-paced than that of a regular business secretary.

Why does this always happen to me?

Class scheduling, distribution of college and career information, and personal guidance are just a few of the duties taken on by deans. They help keep the individual informed and organized and aware of the value of a high school education. To many students, a class dean is a person to help with individual problems. Each student is responsible to his or her dean for attendance or grade deficiency. Deans also aid in college and scholarship applications. These full-time professionals help make G.H.S. an individual experience and not just a group labeled "high school students".

Teachers Impart Knowledge

The GHS teaching staff represents people from many areas, backgrounds, and philosophies. Each individual contributes his or her knowledge and personality to the education of the students. Through this diversity, the students learn how to deal with people. Of course teachers are also expected to impart knowledge of the academic subjects to their students. In addition to that, teachers provide leadership for the many school-sponsored activities and coach school athletic teams. Although students usually see teachers only when surrounded by books and hall passes, they must realize that teachers are also individuals who have been educated and prepared for their profession.

The cafeteria workers at GHS spend many hours preparing the noon meals served at GHS. They come to school early in the morning to make preparations. They work as a team in assembly line fashion preparing the food and serving it. After the meals, they all pitch in to clean up and get ready for another day.

No you can't have two plates.

Custodians Keep School Clean

What would a school be like if no one kept the floors swept, the equipment repaired and walks shoveled? Fortunately, no one need ever find out, since GHS has a large custodial crew. They spend hours after school picking up after other people and even lend a hand during the day to keep things running smoothly.

Last Ride

Our "Take a Ride" is close to its journey's end and it's time to reflect on the past year. Our excursion started with the Reflector Staff sharing their views and ideas in completing a yearbook that would be memorable to all students. Decisions were made and we were on our way. Long hours, short nights, deadlines, frustrations and not to mention the headaches were some of the obstacles that we experienced during our journey. But friendship, good food, and talk bypassed the obstacles.

During a detour we look back through the past year and visualize how faculty and students worked together for the betterment of GHS as a whole. And with new sports being added to the curriculum, more enthusiasm and anticipation is showing among the student body. GHS has again excelled in sports, despite our losses, and we have been more conscious of a need for strong school spirit. As we continue our detour we look back at the Media Arts Festival, a united effort of the teachers and students. The festival has a light side plus it adds cultural enrichment. As spring came the anticipated new tennis courts were greatly appreciated and used by many.

We wish to give a special thanks to all faculty and students who spent their time and displayed their talent to put together a successful Reflectavue 1974.

Our ride would not be complete without showing our gratitude to Mr. Kenney, yearbook advisor, for his patience and the many hours he spent to make this a successful yearbook. It has been a very satisfying year working with the Reflector staff, to produce a memorable yearbook for the student body. Without their cooperation it would have been a difficult task.

We would also like to thank the administration, faculty, Mr. Bruce Pyatt, the Nuclear Publishing Company, and the many other people who helped in completing our Ride in 1974-1975.

COMMON SIGHTS OF GALESBURG

The fire engine, milk truck, dog catcher, and hearse are common sights in Galesburg today and in Galesburg's past. The vehicles of the past, though, are amusing to view. In 1888 the Galesburg Republican-Register boasted of a prompt and vigil fire department. The department in 1888 had to be prompt and vigil, with the buildings being mostly wood, fires were common. Also, before hydrants, the fire department could best be described as a bucket brigade. If the fire was near Main Street, they would make their bucket line from the well pumps along the streets, but if it was far from the downtown, quenching the fire depended on neighbors' help.

Since the bucket brigade, the fire department has gradually progressed, through its hook and ladder wagon, and hose wagon, to today. The others, (milkman, dog catcher), have progressed too, but here are some pictures of Galesburg's past vehicles.
